Take assessment tests
Research occupations
Compare colleges
Create a resume

All Ponderosa students and their parents have a unique opportunity to use an online career guidance and curriculum program 24 hours a day, seven days a week. This program allows students to create a personal profile which is available to them during their high school career and beyond. Students can take assessments that connect their interests and skills to career clusters and occupations, research two-year and four-year colleges based on various criteria, watch occupational videos, create a resume, keep track of job and college contacts, read about up-and-coming and "cool" jobs, take weekly quizzes to prepare for the SAT or ACT, and much more. The site features direct links to college home pages, career and financial aid sites, and direct e-mail addresses to college admission offices.

LOG ON today and get started!

Within COIN CAREER COMMUNITY, there are five unique centers students/parents can obtain valuable information for career development and guidance:

- Exploration Center
- Planning Center
- Resource Center
- Activity Center
- Communication Center
