## A letter from the Superintendent

Dear Parents and Guardians:

The Course Directory is published annually to provide you with the most accurate and up-to-date information that you and your student will need throughout his/her high school career.

This directory includes brief course descriptions as well as information on the 240-unit graduation requirement, college entrance information, and 4-year planning guide to assist you in determining the best course of action that best suits your student's academic interest.

If you have additional questions after perusing this directory, please contact your student's counselor for the best source of information.

We take great pride in our District and high schools, and we want parents together with their student to have as much information as possible to set forth a course of study that may be the determining factor for a better future.

The education of our high school students is a partnership among parents, our schools, and communities. We look forward to working with you in this partnership.

Sincerely,

Stephen Wehr  
Superintendent

*"Each Kid, Every Day"*

# GENERAL INFORMATION

## GRADUATION REQUIREMENTS

Parents and students are urged to read this publication carefully and seriously consider the choices they make. The student's future will be impacted by the planning and decisions they make now.

Guidance counselors are available at all campuses to provide assistance in planning a course of study.

### CURRENT GRADUATION REQUIREMENTS (BP 6146.1)

SUBJECT REQUIREMENTS	YEAR S	UNITS
English	4	40
Social Studies		
World History	1	10
U.S. History / Geog.	1	10
American Govt./Civics	0.5	5
Economics	0.5	5
Math	3	30
10 units min. for Algebra I		
Physical Science	1	10
Biological Science	1	10
Health Education	0.5	5
ICT Foundations (UMHS)		5 (10)
Visual and Performing Arts / World Language / CTE	1	10
Physical Education: Life Fitness I and II	2	20
Core Units (required subjects) (UMHS)		160 (165)
Elective Units (UMHS)		80 (75)
<b>Units Required to Graduate</b>		<b>240</b>
<b>ADDITIONAL REQUIREMENTS:</b>		
<ul style="list-style-type: none"> <li>• Pass California High School Exit Exam in math and language arts.</li> <li>• Demonstrate mastery by passing the six standards of the Computer Literacy test.</li> </ul>		

### FINE ARTS, WORLD LANGUAGE, OR CTE (10-unit requirement)

Students may select classes from any of these three areas to meet the high school graduation requirement (see table above):

1. Visual and Performing Arts
2. World Language (includes, but may not be limited to, Spanish, French, German, Japanese, and Italian)

3. Career Technical Education (includes any class from the various industry sectors)

Check each of these areas in this booklet for the specific courses available. Contact your school counselor to select the appropriate courses that best meet your interest and goals.

No one course may be used to meet the requirement in two areas.

### COMPUTER LITERACY REQUIREMENT

Students may fulfill this requirement by completing the ICT Foundations course or by successfully passing the six standards required on the Computer Literacy test.

### CALIFORNIA HIGH SCHOOL EXIT EXAM (CAHSEE)

The CAHSEE is a test that all California students must pass in math and language arts to graduate from high school. It has been determined that the CAHSEE will cover all the material in the state's mathematics standards, up to and including algebra, and will cover the English/language arts standards in the 9th and 10th grades. The test will be administered on the following dates to 10th, 11th, and 12th grade students who have not passed one or both sections:

ENGLISH/ LANGUAGE ARTS	MATHEMATICS
November 3, 2015	November 4, 2015
March 15, 2016	March 16, 2016
May 10, 2016	May 11, 2016

Updates and confirmation of test dates for the school year will be published in future school and district publications.

### CERTIFICATE OF GRADUATION OR CERTIFICATE OF GRADUATION AND WORKABILITY

Students with disabilities may be awarded a certificate of completion rather than a diploma as determined by their individualized Education Plan (IEP). Parents may contact their child's special education case manager for information.

### CLASS LOADS

El Dorado, Ponderosa, and Oak Ridge high school students in grades 9–11 must be enrolled in a minimum of 60 credits. Seniors must be enrolled in a minimum of 50 credits.

Union Mine High School students in grades 9–12 must be enrolled in a minimum of 30 credits per term.

### EARLY GRADUATION

The district believes that a high school education consists of a full 4-year program. However, should a student wish to graduate early, the student must file a petition with the school principal through their counselor prior to May 1 of their junior year.

### CHARTER SCHOOL

#### EDUHSD Virtual Academy

EDUHSD Virtual Academy is an on-line interactive educational program that promotes learning using a variety of rigorous on-line learning resources, including APEX learning. As a WASC accredited and California Certified Charter School, the EDUHSD Virtual Academy is available to high school students both within El Dorado County as well as surrounding counties.

A blended 4X4 schedule offers a mix of yearlong courses and courses that are completed in the traditional "semester" time frame. Student advisory meetings are held weekly to review each student's progress, receive new assignments, collaborate with their learning team, receive assistance, and work on service learning or projects.

Students are provided with college-preparatory support needed for all major subject areas, including science labs, world language, advanced placement courses and core subjects by highly qualified teachers. Weekly tutorials are available for students needing additional support.

### ALTERNATIVE EDUCATION

The El Dorado Union High School District offers several alternative programs for students to complete their education. These programs are planned to help individuals earn a high school diploma.

**Independence High School (IHS)** is a continuation high school designed to meet the needs of students in grades 10–12 who require an alternative setting. Most students enroll at Independence as voluntary transfers. Eight class sessions are available throughout the school day. Smaller class sizes, flexible curriculum, easy access to teacher assistance and counseling services, and variable credit make it possible for struggling students to secure academic success. Graduation

requirements at Independence High School are the same as those at the comprehensive sites.

**Independent Study Program (ISP)** is available at El Dorado, Oak Ridge, and Ponderosa high schools for students whose needs require study outside of the regular classroom setting. Success in this program requires disciplined study habits. Graduation requirements for students in the ISP are the same as those of the comprehensive sites. Contact the counseling office at your respective school for further information.

**Mountain View High School (MVHS)** is a small alternative school located on the campus of Union Mine High School. MVHS provides an individualized program for students who need to repair their academic status. Students, at least 16 years of age or older, are assessed to develop an individual learning plan, which may include elective opportunities, work experience, ROP courses, as well as courses required for graduation. A variety of instructional techniques, including individual and group instruction, computer-based instruction, guest speakers and instructors, and field trips, are used along with an involved guidance counselor to provide a comprehensive approach to the development of post-secondary options for each student. The program is designed to facilitate the student's smooth transition back to Union Mine or another comprehensive high school.

**Vista High School (VHS)** is designed to retain the connection that students have with El Dorado High School, while providing the support and flexibility inherent in a continuation high school program. The design of Vista High School provides a unique blend of the attributes and qualities of both the comprehensive high school and a more student-centered instructional setting. Vista students are permitted to enroll in elective courses at El Dorado High School as space is available.

## NCAA ELIGIBILITY ([www.ncaa.org](http://www.ncaa.org))

Many college athletic programs are regulated by the National Collegiate Athletic Association (NCAA), an organization that has established rules on eligibility, recruiting, and financial aid. The NCAA has three membership divisions — Divisions I, II, and III. Institutions are members of one or another division according to the size and scope of their athletic program and whether they provide athletic scholarships.

If you are planning to enroll in college as a freshman and you wish to participate in Division I or II athletics, you must be certified by the NCAA Eligibility Clearinghouse. The Clearinghouse ensures consistent application of NCAA initial eligibility requirements for all prospective student-athletes.

Essentially, to apply you must meet minimum requirements for certification, as follows:

### DIVISION I CERTIFICATION

Required	Core Units
English Core	4 years
Math Core	3 years
Science Core (1 year of lab science if offered)	2 years
Social Science Core	1 year
Additional English, Math, or Science	4 years
Additional Core	
<b>Total Core Units</b>	<b>16</b>

#### Additional Division I Requirements:

1. Graduate from high school.
2. Earn a minimum GPA in core courses.
3. Earn a combined SAT or ACT sum score that matches your core course GPA and test score sliding scale.

### DIVISION II CERTIFICATION

Required	Core Units
English Core	3 years
Math Core	2 years
Science Core (1 year of lab science if offered)	2 years
Social Science Core	3 years
Additional English, Math, or Science	4 years
Additional Core	
<b>Total Core Units</b>	<b>16</b>

#### Additional Division II Requirements:

1. Graduate from high school.
2. Earn a minimum 2.0 GPA in core courses.
3. Earn a combined SAT score of 820 or an ACT sum score of 68.

\*Requires 2 years of math at the level of Algebra I or above.

*Note—Completion of 16 core courses will be required if you enroll in Division II College on or after August 1, 2013, requiring 4 years in 'Additional Core' courses and 3 years in additional 'English, math or natural or physical science' courses.*

### DIVISION III

Division III does not use the NCAA Initial Eligibility Clearinghouse. Contact your Division III college regarding its policies on financial aid, practice, and competition.

Log on to the following NCAA websites for the latest complete information and application forms:

Eligibility Center: <http://www.ncaa.org/wps/wcm/connect/public/ncaa/eligibility> (Click on Academic Standards, then at bottom of page, click on Eligibility Center)

NCAA Publications for the College-Bound Student-Athlete:  
<https://www.ncaapublications.com>

## HIGHER EDUCATION ADMISSION REQUIREMENTS

### NAVIANCE

Every student in the District is provided with online college and career planning tools from Naviance. Naviance is a college and career readiness platform that helps connect academic achievement to post-secondary goals. This college and career readiness resource empowers students and families to connect learning and life and helps students prepare for life after high school. It also allows students to create a plan for their futures by helping them discover their individual strengths and learning styles and explore college and career options based on their results. Please talk with your guidance counselor to obtain access to Naviance.

### CALIFORNIA COMMUNITY COLLEGES

The California Community Colleges shall, as a primary mission, offer academic and vocational instruction at the lower division level for both younger and older students, including those persons returning to school. Public community colleges shall offer instruction through but not beyond the second year of college. These institutions may grant the associate in arts and science degrees.

### CALIFORNIA STATE UNIVERSITY SYSTEM UNDERGRADUATE

The California State Universities offer undergraduate instruction leading to bachelor's degrees in the liberal arts and sciences, the applied fields, and the professions. The CSU attempts to accept applicants from the top one-third of California high school graduates.

## ADMISSION

Visit the CSU Mentor website for the most up-to-date information, at: [www.csumentor.edu/](http://www.csumentor.edu/)

### Freshman Minimum Eligibility Requirements:

You are eligible for admission if you:

- Have or will have graduated from high school.
- Meet the eligibility index with your grade point average and test scores.
- Have or will have completed with a grade C or better the pattern of courses listed in the following table, which total 15 units (a unit is 1 year of study in high school).
- You may be required to meet higher admission requirements for impacted majors or certain campuses.
- Up to 8 semesters of honors/advanced placement (AP) courses taken in the last 3 years of high school will be granted additional points (an A in an honors/AP course will receive a total of 5 points, B–4 points, C–3 points). No more than two approved honors/AP courses taken in the 10th grade will be given additional grade points.
- The Eligibility Index Table is the combination of test scores and required grade point averages. Log on to:

[www.csumentor.edu/planning/high\\_school/cal\\_residents.asp](http://www.csumentor.edu/planning/high_school/cal_residents.asp)

The CSU requires a 15-unit pattern of courses for admission as a first-time freshman. Each unit is equal to a year of study in a subject area. A grade C or higher is required for each course you use to meet the subject requirement.

- History and Social Science, 2 years required:**  
Including 1 year of U.S. history or 1 semester each of U.S. history and civics or American government and 1 year of social science.
- English, 4 years required:**  
4 years of college preparatory English composition and literature.
- Mathematics, 3 years required, 4 years recommended:**  
Including Algebra I, Geometry, Algebra II. Math in the grade 12 recommended.
- Laboratory Science, 2 years required:**  
Including 1 year biological science and 1 year physical science
- Language, Other than English, 2 years required:**  
2 years of the same language; American Sign Language is applicable.

- Visual and Performing Arts, 1 year required:**  
Dance, drama, or theater, music, or visual art.
- College Preparatory Elective, 1 year required:**  
1 more year of any college preparatory subject.

High School GPA is calculated using grades in all college prep “a–g” classes completed after the 9th grade. (Do not expect to use grades earned in the senior year, since applications for most campuses are due by November 30.)

**Verifying Eligibility:** The CSU may offer you early provisional admission based on your work completed through the junior year of high school and planned for your senior year. A transcript showing final grades and graduation from high school is required prior to attendance in CSU classes (to verify that you met all admission requirements).

Senior year counts! Colleges look at courses and grades earned in the senior year to finalize your admission.

**Waiver of World Language Requirement:** If you can demonstrate competency in a language other than English which is equivalent to or higher than that expected of students who have completed 2 years of world language study, you may be allowed a waiver to the world language requirement. For further information, contact the CSU campus to which you are applying.

**Subject Requirement Substitution for Students with Disabilities:** All freshman applicants are encouraged to complete 15 units of college preparatory subjects. If you are unable to complete certain subjects because of your disability, you should contact the Director of Disabled Student Services at the CSU campus you wish to attend to receive further information about your eligibility to attend the campus.

**Transfer Admission Requirements:** All the campuses of the CSU welcome applications from transfer students. If you complete college units after the summer following graduation from high school, you are considered a transfer student. The number of units you have completed at the time you enter a CSU determines the admission standards that will apply to your application. It is important to identify which admission requirements apply to you.

**Lower-Division Transfer Admission Requirements:** Many CSU campuses do not accept lower-division transfers, so be sure to check with the campus if you

are considering transfer as a lower-division student.

If you have completed 59 or fewer semester or 89 or fewer quarter transferable units by the time you enter a CSU, you are considered a lower-division applicant. To make admissions decisions, CSU admissions offices look at the following:

- High school requirements:
  - Courses you completed in high school
  - Your high school grades and test scores
  - Graduation from high school
- Your college and courses or grades
- Whether you are in good standing at the last college or university attended.

Some campuses will also expect you to complete, with a C or better, general education classes in English composition and general education mathematics prior to admission.

If you did not complete the 15-unit pattern of college preparatory subjects required for freshman admission while in high school, you must make up the deficiencies.

If you are a lower-division student and do not meet the eligibility index from high school, we recommend that you continue your education at a California community college and complete 60 or more transferable semester units (90 or more quarter units) before attempting to transfer to a CSU campus.

**Upper-Division Transfer Admission Requirements:** Grades are obviously an important factor in your admission as an upper-division transfer. It is important to note that there are different ways grades are used in the admissions process.

Your overall grade point average must be at least 2.0 (2.40 for California non-residents). You must have a minimum of 60 semester or 90 quarter units. GPA is calculated on all of your transfer units attempted to meet minimum admission requirements.

Generally, 30 units of general education work, with a minimum grade of C in each course, are also required. Typically, you must complete at least 10 general education courses with a grade of C or better. In the case of high-unit majors, you may have fewer than 30 semester or 45 quarter units, but the campuses will be looking at your general education grades. If you are in a high-unit major,

be sure to check with the CSU campus for their requirements in this area.

Finally, general education courses in the English language and mathematics sections of general education must also be at a level of C or better for each course. These four classes are part of the 30-semester units of general education.

Remember, these are minimums, and in the case of high-demand majors and campuses, a 2.0 GPA may not be high enough to be admitted to some majors and campuses.

## THE UNIVERSITY OF CALIFORNIA (UC) SYSTEM UNDERGRADUATE ADMISSION

The University of California accepts fully eligible students from among the top eighth of California public high school graduates through regular statewide admission, or the top 9% of any given high school class through Eligibility in the Local Context.

For the most up-to-date information, log on to:

<http://admission.universityofcalifornia.edu/>

For UC-approved courses offered at each high school, log on to:

<https://doorways.ucop.edu/list/>

**Admission as a Freshman:** The University considers you a freshman applicant if you have graduated from high school and have not enrolled in a regular session at any college or university. If you attend a summer session immediately after graduating from high school, you are still a freshman applicant. If you are a mid-term graduate and enroll in any community college class after December, you will be considered a transfer student.

The freshman admission requirements described in this section represent the **minimum** level of achievement you must demonstrate to be eligible for admission to the University.

**California Residents:** To be eligible for admission to the University, you must meet the Subject, Scholarship, and Examination Requirements.

**Residency Status:** The requirement for bona fide California residents also applies to dependents of University of California graduates and employees. The manner in which legal residence is defined for tuition purposes is different. If you have any questions about your residency status, contact the Admission

or Registrar's Office at the campus you wish to attend.

**Subject Requirements:** To satisfy this requirement, you must complete the high school courses listed below with a grade point average defined by the Scholarship Requirement. This sequence of courses is also known as the "a–g" requirements. The University of California and California State systems require the same subject requirements.

You must take 15 units of high school courses to fulfill the Subject Requirement, and at least 7 of the 15 units must be taken in your last 2 years of high school. (A unit is equal to an academic year, or 2 semesters, of study.) Therefore, multiple certified lists will be used if the applicant attended more than one high school.

### Applicants from California High Schools:

To be acceptable to the University, courses must appear on a list certified by your high school principal as meeting the University's admission requirements. Your counselor or principal will have a copy of this list. Note—certified courses originate from the school at which the course was completed.

#### a. History/Social Science, 2 years required:

2 years of history/social science to include 1 year of U.S. history or 1/2 year of U.S. history and 1/2 year of civics or American government; and 1 year of world history, cultures, and geography.

#### b. English, 4 years required:

4 years of college preparatory English which include frequent and regular writing, and reading of classic and modern literature, poetry and drama. Not more than 2 semesters of 9th grade English can be used to meet this requirement.

#### c. Mathematics, 3 years required, 4 years recommended:

3 years, including elementary algebra, geometry and second-year (advanced) algebra. Math courses taken in the 7th and 8th grades may be used to fulfill part of this requirement if your high school accepts them as equivalent to its own courses.

#### d. Laboratory Science, 2 years required, 3 years recommended:

2 years providing fundamental knowledge in at least two of these three areas: biology, chemistry, physics. Laboratory courses in earth/space sciences are acceptable if they have as prerequisites or

provide basic knowledge in biology, chemistry or physics. Not more than 1 year of grade 9 laboratory science can be used to meet this requirement.

#### e. World Language, 2 years required, 3 years recommended:

2 years of the same world language. Courses should emphasize speaking and understanding and include instruction in grammar, vocabulary, reading, and composition.

#### f. Visual and Performing Arts, 1 year required:

1 year of art, dance, drama/theater, or music

#### g. College Preparatory Elective, 1 year required:

1 year in addition to those required in "a–f" above, chosen from the following areas: visual and performing arts, social science, English, advanced mathematics, laboratory science, and languages other than English (a third year in the language used for the "e" requirement or 2 years of another language).

**D and F Grades:** If you have earned a D or F in an "a–g" course, you must repeat the course with a grade C or better in order to apply it toward your Subject Requirement. The original D or F grade will not be included in the GPA calculation, and the new grade will be used. If you repeat a course in which you initially earned a grade C, the second grade will not be used.

### UC ADMISSION EXAMINATION REQUIREMENT

All prospective freshmen must submit scores from either the ACT Plus Writing or the SAT Reasoning Test. For the **ACT Plus Writing Test**, UC will focus on the highest combined score from the same test administration. For the **SAT Reasoning Test**, UC will focus on the highest total score from a single test date. While **SAT Subject Tests** are not required, some campuses recommend that freshman applicants interested in competitive majors take the tests to demonstrate subject proficiency. To help students understand how SAT and ACT scores compare, UC uses the following table:

ACT Score	SAT Score	ACT Score	SAT Score
36	800	26	600
35	780	25	580
34	760	24	560
33	740	23	540
32	720	22	520

ACT Score	SAT Score
31	700
30	680
29	660
28	640
27	620
16	400

ACT Score	SAT Score
21	500
20	480
19	460
18	440
17	420

If a student does not meet UC's minimum requirements, the student may be considered for admission to UC if the student earns high scores on the ACT Plus Writing or SAT Reasoning Test and two SAT Subject Tests. To learn more visit the following:

<http://admission.universityofcalifornia.edu/>

### How UC Applications are Reviewed:

UC evaluates students' academic achievements in light of the opportunities available to them and their demonstrated capacity to contribute to the intellectual life at UC. The 14 factors UC weighs are:

1. Academic grade point average in all completed "a-g" courses, including additional points for completed UC-certified honors courses.
2. Scores on the following tests—ACT Plus Writing or the SAT Reasoning Test.
3. Number of, content of and performance in academic courses beyond the minimum "a-g" requirements.
4. Number of and performance in UC approved honors, Advanced Placement, International Baccalaureate Higher Level and transferable college courses.
5. Identification by UC as being ranked in the top 9 percent of your high school class at the end of your junior year (Eligible in the Local Context, or ELC).
6. Quality of your senior-year program as measured by the type and number of academic courses in progress or planned.
7. Quality of your academic performance relative to the educational opportunities available in your high school.
8. Outstanding performance in one or more specific subject areas.
9. Outstanding work in one or more special projects in any academic field of study.
10. Recent, marked improvement in academic performance as demonstrated

by academic GPA and the quality of coursework completed or in progress.

11. Special talents, achievements and awards in a particular field, such as visual and performing arts, communication or athletic endeavors; special skills, such as demonstrated written and oral proficiency in other languages; special interests, such as intensive study and exploration of other cultures; experiences that demonstrate unusual promise for leadership, such as significant community service or significant participation in student government; or other significant experiences or achievements that demonstrate the student's promise for contributing to the intellectual vitality of a campus.

12. Completion of special projects undertaken in the context of your high school curriculum or in conjunction with special school events, projects or programs.

13. Academic accomplishments in light of your life experiences and special circumstances, including, but not limited to, disabilities, low family income, first generation to attend college, need to work, disadvantaged social or educational environment, difficult personal and family situations or circumstances, refugee status or veteran status.

14. Location of your secondary school and residence.

### ELIGIBILITY IN A LOCAL CONTEXT

Students who rank in the top 9 percent of students in their California high school class may be eligible for ELC designation. The ELC program ensures that academically talented and deserving students from all over California have the opportunity to be admitted to a UC campus. ELC status adds value to the application and is one of the 14 factors considered when applications are reviewed. In addition, ELC students not admitted to any of their campus choices are offered a spot at a UC campus that has space, if minimum UC requirements are met.

### ADMISSION AS A TRANSFER

The University considers you a transfer applicant if you graduated from high school and enrolled in a regular session at another college or university. **Do not disregard your college record and apply as a freshman.**

If you plan to attend a California community college before applying to the University, you should take courses that (1) are transferable, (2) satisfy University requirements, and (3) fulfill prerequisites in your major. Advisors in the Admissions

Office at the UC campus you wish to attend and community college counselors can help you with your planning.

The transfer admission requirements described in this section represent the minimum level of achievement to be eligible for admission to the University.

### Minimum Admission Requirements for Transfer Students:

**California Residents**—there are several ways to meet UC's minimum admission requirements for transfer students, as described below. The path you use depends on the degree to which you satisfied minimum eligibility requirements for freshmen at the time you graduated from high school. In all cases, you must have at least a C (2.0) average in all transferable course work. If you need assistance in determining whether you met the requirements, contact a UC Admissions or Relations with Schools Office.

1. If you were eligible for admission to the University when you graduated from high school—meaning you satisfied the Subject, Scholarship, and Examination Requirements, or were identified by the University during your senior year in high school as eligible under the Eligibility in the Local Context (ELC) program—you are eligible to transfer if you have a C (2.0) average in your transferable course work.
2. If you met the Scholarship Requirement but did not satisfy the Subject Requirement, you must clear the course deficiency by taking transferable college courses in the missing subjects, earning a C or better in each required course, and have an overall C average in all transferable coursework to be eligible to transfer.
3. If you were not eligible for admission to the University when you graduated from high school because you did not meet the Scholarship Requirement, you must complete the following by the deadline established by the campus you wish to attend:
  - A. Complete 60 semester units or 90 quarter units of transferable college credit (see [www.assist.org](http://www.assist.org)) with a grade point average of at least 2.4 (no more than 14 semester/21 quarter units may be taken, and
  - B. Complete the following course pattern requirement, earning a grade C or better in each course:
    - two transferable college courses

(3 semester units or 4–5 quarter units) in English composition, and

- one transferable college course (3 semester units or 4–5 quarter units) mathematical concepts and quantitative reasoning, and
- four transferable college courses (3 semester units or 4–5 quarter units each) chosen from at least two of the following subject areas: the arts and humanities, the social and behavioral sciences, and the physical and biological sciences. (Students who satisfy the Intersegmental General Education Transfer Curriculum or IGETC prior to transferring to UC may satisfy Option 3B of the transfer admission requirements.)

## PRIVATE COLLEGES AND UNIVERSITIES

Students wishing to attend a private college or university should consult the various schools for their catalogs regarding admission requirements.

## COLLEGE ENTRANCE EXAMS

To obtain registration forms and information about the tests you must take to fulfill the Examination Requirement, talk to your counselor or visit your Career Center.

# [ 2014–15 COURSE DESCRIPTIONS ]

**DIRECTIONS (IMPORTANT INFORMATION)**—This publication will be used by students at all schools in the district to select classes. It is important when selecting a course to note if the class is available at your school and whether it is a (Y) year or (S) semester class. At Union Mine High School, courses noted as year (Y) classes earn 10 credits and are completed in one half-year term (August–December or January–May). Please read about each course you may be interested in taking, and note whether or not it is open to your grade level and if there are any prerequisites. The number to the right of each course title must be written on your course request form. No course may be repeated for credit unless so stated.

Course information printed in this directory may be subject to change; not all courses may be offered. Please consult your counselor for most accurate course offering information.

## ENGLISH

Students must be consecutively enrolled in English classes (English 1, 2, 3) during grades 9–11. If a student fails one level of English, the student must repeat the entire year before taking the next level of English. As a means for making up failures, it is recommended that students extend their regular school days or attend intersession. Students are required to take another 10 credits of English in addition to English 1, 2, and 3. Courses meeting the 4th year of English are noted within the course description. These courses may be taken concurrently or in the senior year.

### ENGLISH 1 (Y) #0101

PREREQUISITE: None		
SCHOOL	GRADES	CREDIT
EDHS ORHS PHS UMHS MVHS VHS IHS Virtual Academy	9	5 units per semester
<i>Meets UC Requirement: "b"</i>		

English 1 exposes students to a variety of genres that are entered upon transcendent themes, including the following: Literary Elements and a Writer's Message; Heroism in Western Culture; Moral Dilemma; Youth on the Threshold; Culture and Conflict; and Introduction to Argument. Students will develop the following skills: analysis and synthesis of literary and informational texts; writing convention and strategies; and speaking and listening techniques and expectations.

### ADVANCED ENGLISH 1 (Y) #0102

PREREQUISITE: None		
SCHOOL	GRADES	CREDIT
EDHS ORHS PHS UMHS MVHS VHS IHS Virtual Academy	9	5 units per semester
<i>Meets UC Requirement: "b"</i>		

Advanced English 1 exposes students to a variety of genres that are entered upon transcendent themes, including the following: Literary Elements and a Writer's Message; Heroism in Western Culture; Moral Dilemma; Youth on the Threshold; Culture and Conflict; and Introduction to Argument. Students will develop the following skills: analysis and synthesis of literary and informational texts; writing convention and strategies; and speaking and listening techniques and expectations.

The main difference between Advanced English 1 and English 1 is the pace and the number of additional supplemental texts taught.

### ENGLISH 2 (Y) #0111

PREREQUISITE: Successful completion of English 1 or Advanced English 1 or teacher recommendation.		
SCHOOL	GRADES	CREDIT
EDHS ORHS PHS UMHS IHS MVHS VHS Virtual Academy	10	5 units per semester
<i>Meets UC Requirement: "b"</i>		

In English 2 emphasis is on writing, speaking, and reading of both core works of literature and informational texts. Students will develop an understanding of, and appreciation for, world literature.

### ADVANCED ENGLISH 2 (Y) #0112

PREREQUISITE: Successful completion of English 1 or Advanced English 1 or teacher recommendation.		
SCHOOL	GRADES	CREDIT
EDHS ORHS PHS UMHS IHS MVHS VHS Virtual Academy	10	5 units per semester
<i>Meets UC Requirement: "b"</i>		

In Advanced English 2 emphasis is on writing, speaking, and reading of both core works of literature and informational texts. Students will develop an understanding of, and appreciation for, world literature.

The main difference between Advanced English 2 and English 2 is the pace and the number of additional supplemental texts taught.

### HONORS ENGLISH 2 (Y) #0115

PREREQUISITE: Completion of Advanced English 9 with a grade B or better and teacher approval. ORHS students must be concurrently enrolled in Advanced Placement History.		
SCHOOL	GRADES	CREDIT
ORHS Virtual Academy	10	5 units per semester
<i>Meets UC Requirement: "b"</i>		

This course teaches World Literature. It is a demanding sophomore course that challenges students to examine world cultures, world views, and a variety of world philosophies through various literary genres. Further, readings and discussions will lead to written responses that examine ideas and issues of the aforementioned topics.

**ENGLISH 3 (Y) #0121**

<b>PREREQUISITE:</b> Successful completion of English 1 and 2.		
<b>SCHOOL</b> EDHS ORHS PHS UMHS IHS Virtual Academy	<b>GRADES</b> 11	<b>CREDIT</b> 5 units per semester
<i>Meets UC Requirement: "b"</i>		

English 3 will focus on exposing students to the literature and texts of the United States of America, from origination to the present. This course will expand the role that literature, writing, and information literacy plays in a student's participation in and interaction with the world around him/her. The curriculum will act as a platform to explore how the world around us shapes our lives as well as how literature has impacted history and vice versa. The reading selections and activities are intended to deepen students' interactions with the text and the issues embedded within the text so as to create critical thinkers and problem solvers who are able to contribute in a productive and positive way to their communities.

**ADVANCED ENGLISH 3 (Y) #0122**

<b>PREREQUISITE:</b> Successful completion of English 1 and 2.		
<b>SCHOOL</b> EDHS ORHS PHS UMHS IHS Virtual Academy	<b>GRADES</b> 11	<b>CREDIT</b> 5 units per semester
<i>Meets UC Requirement: "b"</i>		

Advanced English 3 will focus on exposing students to the literature and texts of the United States of America, from origination to the present. This course will expand the role that literature, writing, and information literacy plays in a student's participation in and interaction with the world around him/her. The curriculum will act as a platform to explore how the world around us shapes our lives as well as how literature has impacted history and vice versa. The reading selections and activities are intended to deepen students' interactions with the text and the issues embedded within the text so as to create critical thinkers and problem solvers who are able to contribute in a productive and positive way to their communities.

The main difference between Advanced English 3 and English 3 is the pace and the number of additional supplemental texts taught.

**ENGLISH 4: BRITISH LITERATURE (Y) #0131**

<b>PREREQUISITE:</b> Successful completion of English 1, 2, and 3.		
<b>SCHOOL</b> EDHS PHS Virtual Academy	<b>GRADES</b> 12	<b>CREDIT</b> 5 units per semester
<i>Meets UC Requirement: "b"</i>		

This course emphasizes works of British literature. Written and oral communication skills will be standards based. Students will develop an understanding of British Literature and the English language. This class will meet the 4th year English requirement.

**ENGLISH 4: CONTEMPORARY LITERATURE (Y) #0133**

<b>PREREQUISITE:</b> Successful completion of English 1, 2, and 3.		
<b>SCHOOL</b> EDHS ORHS PHS UMHS IHS Virtual Academy	<b>GRADES</b> 12	<b>CREDIT</b> 5 units per semester
<i>Meets UC Requirement: "b"</i>		

This course will focus on exposing students to literature from the 21st century. The reading selections will allow students to focus on how we understand ourselves through understanding others. The material will also act as a platform to confront how the world around us shapes our lives. Reading selections and activities are intended to deepen students' interactions with the text and the issues embedded within so as to create critical thinkers who are able to contribute in a productive and positive way to their communities. This course meets all of the CCSS in language arts.

**ENGLISH 4: SCIENCE FICTION (Y) #0138**

<b>PREREQUISITE:</b> Successful completion of English 1, 2, and 3.		
<b>SCHOOL</b> ORHS PHS UMHS Virtual Academy	<b>GRADES</b> 12	<b>CREDIT</b> 5 units per semester
<i>Meets UC Requirement: "b"</i>		

This is a survey course in the literary genre of science fiction. This course will define, analyze, and interpret the genre of Science Fiction. The course covers contemporary science fiction writers such as Orson Scott Card to classic works of science fiction from authors like Heinlein, Herbert, and Asimov. A great deal of reading and writing will be demanded in this course. For a reading list of the titles taught, contact your site's course instructor. This class will meet the 4th year English requirement for a-g.

**12TH GRADE EXPOSITORY READING AND WRITING (Y) #0144**

<b>PREREQUISITE:</b> English 1, 2, and 3.		
<b>SCHOOL</b> EDHS ORHS PHS UMHS Virtual Academy IHS	<b>GRADES</b> 12	<b>CREDIT</b> 5 units per semester
<i>Meets UC Requirement: "b"</i>		

This course helps prepare students for the reading and writing demands of their first year in college as a part of the California State University's *Early Assessment Program*. The main focus of the course is expository reading and writing and only two full texts of literature are used. The assignments meet the standards of the English Placement Test for the CSU system; meet the expectations of college and university faculty; meet the California English-Language Arts Content Standards; and also develop literacy skills critical to lifelong participation in the worlds of work and the community. Each assignment is a sequence of integrated reading and writing. Students learn to make predictions about texts, analyze both the content and the rhetorical structures, and use material properly from the texts they read in supporting their own written arguments.

**ADVANCED PLACEMENT LANGUAGE AND COMPOSITION (Y) #0126AP**

<b>PREREQUISITE:</b> Grade A in English 2 or Grade A or B in Advanced English 2.		
<b>SCHOOL</b> EDHS ORHS PHS UMHS Virtual Academy	<b>GRADES</b> 11	<b>CREDIT</b> 5 units per semester
<i>Meets UC Requirement: "b"</i>		

"The AP course in English Language and Composition engages students in becoming skilled readers of prose written in a variety of periods, disciplines, and rhetorical contexts, and in becoming skilled writers who compose for a variety of purpose," (*Advanced Placement Program Course Description: The College Board*). Upon passing the exam, a student may earn up to a year of college credit.

**ADVANCED PLACEMENT LITERATURE AND COMPOSITION (Y) #0139AP**

<b>PREREQUISITE:</b> Grade B or better in English 3 or Advanced English 3 or Grade A, B, or C in AP Language and Composition.		
<b>SCHOOL</b> EDHS ORHS PHS UMHS Virtual Academy	<b>GRADES</b> 12	<b>CREDIT</b> 5 units per semester
<i>Meets UC Requirement: "b"</i>		

An Advanced Placement English course in Literature and Composition should engage students in the careful reading and critical analysis of imaginative literature. The course should include intensive study of representative works from various genres and periods, concentrating on works of recognized literary merit." (*Advanced Placement Program Course Description: The College Board*) Advanced Placement is a program of college-level courses and exams for secondary school students. It is challenging and stimulating, and, compared to other high school courses, it often takes more time, requires more work, gives greater opportunity for individual progress and accomplishment, and goes into greater depth. Upon passing the exam, a student may earn a year of college credit.

**ENGLISH 4: SHAKESPEARE (Y) #0127**

<b>PREREQUISITE:</b> Successful completion of English 1, 2, and 3.		
<b>SCHOOL</b> PHS	<b>GRADES</b> 12	<b>CREDIT</b> 5 units per semester
<i>Meets UC Requirement: "b"</i>		

The World of Shakespeare is a fourth-year course that centers on the in-depth study of William Shakespeare's plays and poetry beyond the core literature assigned in grades 9 and 10 English classes. The class will read several tragedies, two comedies, a history play, some of his later works, and the sonnets. In addition to reading and analyzing the plays, the students will also look in the time period, the writer's biography, and the theater venue. Class format will be interactive with an emphasis on active participation.

**ENGLISH 4: LITERATURE AND ENVIRONMENT (Y) #0123**

<b>PREREQUISITE:</b> Successful completion of English 1, 2, and 3.		
<b>SCHOOL</b> UMHS Virtual Academy	<b>GRADES</b> 12	<b>CREDIT</b> 5 units per semester
<i>Meets UC Requirement: "b"</i>		

This course will provide students with an opportunity to explore how literature is used to examine the relationships between humans and the environment, from solitary experiences to the complexities of environmental needs in a modern society. Students will engage with the many dimensions of environmental literature, from place-based writing, to persuasion in advocacy and politics, to personal narratives about adventure and discovery. The course is designed to meet the rigorous requirements for UC approval.

**ENGLISH LANGUAGE DEVELOPMENT 1 (Y) #0107L1**

<b>PREREQUISITE:</b> CELDT testing.		
<b>SCHOOL</b> EDHS ORHS PHS UMHS	<b>GRADES</b> 9–12	<b>CREDIT</b> 5 units per semester
<i>This course may be repeated for credit.</i>		

This course is designed for English Language Learners who are acquiring English as a second language. Instruction in listening, speaking, reading, vocabulary development, and writing are included in the program at levels that are appropriate to the English fluency of the student as determined by the student's performance levels on the California English Language Development Test (CELD). The ELD course assists students in developing the English skills that they must acquire to become proficient in the structured English immersion mainstream courses required for graduation. This course may be used as one of the 4 years of required English. It may also be used for elective credit.

**ENGLISH LANGUAGE DEVELOPMENT 2 (Y) #0107L2**

<b>PREREQUISITE:</b> CELDT testing and placement.		
<b>SCHOOL</b> EDHS ORHS PHS UMHS	<b>GRADES</b> 9–12	<b>CREDIT</b> 5 units per semester
<i>This course may be repeated for credit.</i>		

This course is the second of a three-part program that will provide instruction to English Learners in the intermediate, early advanced, and advanced levels of English proficiency in the areas of listening, speaking, reading, and writing, and will prepare students to be main-streamed into the core subject areas. This course will further develop student competence in English to achieve academically as well as the ability to communicate effectively in all social settings. This course may be used as one of the 4 years of required English. It may also be used for elective credit.

**ENGLISH LANGUAGE DEVELOPMENT 3 (Y) #0107L3**

<b>PREREQUISITE:</b> CELDT testing and placement.		
<b>SCHOOL</b> EDHS PHS ORHS	<b>GRADES</b> 9–12	<b>CREDIT</b> 5 units per semester
<i>This course may be repeated for credit.</i>		

This course is the third level of a three-part program that will provide instruction to English learners in the Early Advanced and Advanced levels of English proficiency in the areas of listening, speaking, reading, and writing. This course will prepare

students to achieve academic success in other core classes in addition to preparing students for the rigors of a college classroom or workplace environment. This course may be used as one of the 4 years of required English. It may also be used for elective credit.

**ENGLISH ELECTIVE COURSES**

**READING IMPROVEMENT (Y) #0134**

<b>PREREQUISITE:</b> Two or more years below grade level in reading as measured by 8th grade standardized test scores or another standardized reading test.		
<b>SCHOOL</b> EDHS ORHS PHS UMHS IHS Virtual Academy ILC	<b>GRADES</b> 9	<b>CREDIT</b> 5 units per semester

This class will emphasize the development of critical analysis in reading. Self-monitoring comprehension strategies will be taught. Silent reading skills and fluency will be stressed.

Attitudes about reading will be addressed, and students will be encouraged to develop realistic and positive concepts of themselves as readers. The goal of the class is to make students more active, strategic readers which will promote learning in all subject areas.

**READING STRATEGIES AND SKILLS (S) (Y) #0109**

<b>SCHOOL</b> PHS UMHS IHS Virtual Academy ILC	<b>GRADES</b> 10–12 10–12 11–12	<b>CREDIT</b> 5 units per semester
---	--	---------------------------------------

This course will offer a class to those students whose grades indicate that they are not progressing towards a successful completion of competencies/high school exit exams, or to those students who wish to learn successful reading techniques. Focus will be on reading in all content areas. This class may meet the 4th year English graduation requirement.

**WRITING SKILLS AND STRATEGIES (S)**

**#0104**

<b>SCHOOL</b> Virtual Academy All Sites	<b>GRADES</b> 9–12	<b>CREDIT</b> 5 units per semester
<i>Course content is based on the National Council of Teachers of English (NCTE) standards and aligned to state standards.</i>		

This on-line course develops key language arts skills necessary for high school graduation and success on high stakes exams through a semester of interactive instruction and guided practice in composition fundamentals. The course is divided into ten mini-units of study. The first two are designed to build early success and confidence, orienting students to the writing process and to sentence and paragraph essentials through a series of low-stress, high-interest hook activities. In subsequent units, students review, practice, compose and submit one piece of writing. Four key learning strands are integrated throughout: composition practice, grammar skill building, diction and style awareness, and media and technology exploration. Guided studies emphasize the structure of essential forms of writing encountered in school, in life, and in the work place. Practice in these forms is scaffolded to accommodate learners at different skill levels.

**CREATIVE WRITING: FICTION (Y) #0128**

<b>PREREQUISITE:</b> Grade C or better in previous English courses.		
<b>SCHOOL</b> ORHS PHS UMHS Virtual Academy	<b>GRADES</b> 10–12	<b>CREDIT</b> 5 units per semester
<i>Meets UC Requirement: "g"</i>		

This course will offer students an elective in the English department, a class that will allow and encourage an interest in literature as an art form, and help students develop as writers of fiction. This class will meet the 4th year English requirement.

**CAREER COMPOSITION AND READING (Y)**

**#0143**

<b>PREREQUISITE:</b> English 1, 2, and 3.		
<b>SCHOOL</b> PHS	<b>GRADES</b> 12	<b>CREDIT</b> 5 units per semester

This course will prepare students for success in reading and writing the types of expository prose they will encounter in technical and vocational schools. Students will practice writing effective sentences, paragraphs, and essays in response to student and professional models. Students will also acquire a more thorough knowledge of English grammar, punctuation, and mechanics through regular practice exercises. This class will meet the 4th year English requirement and will prepare students to pass the California High School Exit Exam in English Language Arts.

**YOUTH IN CONFLICT (Y)**

**#0136**

<b>PREREQUISITE:</b> Successful completion of English 1, 2, and 3.		
<b>SCHOOL</b> EDHS IHS UMHS	<b>GRADES</b> 12	<b>CREDIT</b> 5 units per semester

This survey course uses contemporary fiction and nonfiction in dealing with problems of teenagers as they come into conflict with their peers, parents, society, and themselves. Emphasis is placed on how individuals solve their problems and improve their situation. Students will read, write, research, analyze, discuss, debate, and explore a wide variety of issues, influences, trends, temptations, and dangers which confront America's youth. This class will meet the 4th year high school English requirement.

**JOURNALISM 1 (Y); PHS—(S)**

**#0917**

<b>SCHOOL</b> ORHS	<b>GRADES</b> 9–12	<b>CREDIT</b> 5 units per semester
-----------------------	-----------------------	---------------------------------------

This course teaches the theories and concepts needed to write for publication. Students will learn, practice, and utilize the techniques necessary for all phases of writing design and production of a school publication. Students have the opportunity to make contributions to the campus student publications. This course is recommended prior to enrollment in Newspaper Production and Yearbook. This class will meet the 4th year high school English requirement.

**NEWSPAPER PRODUCTION (Y)**

**#0875**

<b>PREREQUISITE:</b> Instructor's approval. See advisor for application. Journalism or prior experience in newspaper recommended.		
<b>SCHOOL</b> ORHS IHS	<b>GRADES</b> 9–12	<b>CREDIT</b> 5 units per semester

This class offers the opportunity for active participation in all phases of the state-of-the-art production of the school's newspaper. Students will interview, write stories, edit, and design, perform electronic layout, and distribute and sell advertisements for the school newspaper. This class will meet the 4th year English requirement on campuses where Journalism is not offered.

**SPEECH (S) (Y)**

**#0140**

<b>PREREQUISITE:</b> Grade B or better in English classes, or teacher's approval.		
<b>SCHOOL</b> PHS UMHS Virtual Academy	<b>GRADES</b> 9–12	<b>CREDIT</b> 5 units per semester
<i>Meets UC Requirement: "g"</i>		

Students will learn the basic principles of speech delivery through oral presentations

in class. Assignments will include extemporaneous, impromptu, and formal orations. Also included will be oral interpretation as well as the influence of mass media, interviewing skills, and parliamentary procedure. Competition is encouraged, not required. This class may meet the 4th year English graduation requirement.

**MEDIA LITERACY (S)**

**#0129**

<b>PREREQUISITE:</b> None.		
<b>SCHOOL</b> EDHS ORHS Virtual Academy	<b>GRADES</b> 9–12	<b>CREDIT</b> 5 units per semester
<i>Meets UC Requirement: "g" pending</i>		

This on-line course teaches students how to build the critical thinking, writing, and reading skills required in a media rich and increasingly techno-centric world. Today students need to be able to read, comprehend, analyze, and respond to nontraditional media with the same skill level they engage with traditional print sources. A major topic in Media Literacy is non-traditional media reading skills, including how to approach, analyze, and respond to advertisements, blogs, websites, social media, news media, and wikis. Students also engage in a variety of writing activities in nontraditional media genres, such as blogging and podcast scripting. Students consider their own positions as consumers of media and explore ways to use non-traditional media to become more active and thoughtful citizens. Students learn how to ask critical questions about the intended audience and underlying purpose of media messages, and study factors which can contribute to bias and affect credibility.

**HEALTH / PHYSICAL EDUCATION**

**LIFE FITNESS 1 (Y)**

**#0271**

**LIFE FITNESS 2 (Y)**

**#0273**

<b>PREREQUISITE:</b> None for Life Fitness 1. Life Fitness 2 requires completion of 2 semesters of Life Fitness 1.		
<b>SCHOOL</b> EDHS ORHS PHS UMHS IHS MVHS Virtual Academy	<b>GRADES</b> 9 Fitness 1 10–12 Fitness 2	<b>CREDIT</b> 5 units per semester

Two years and 20 units of credit must be successfully completed in order to graduate. Students must take Life Fitness in Grade 9 with the second year to be taken at any time during grades 10–12.

To participate in these courses, all students must dress appropriately for each of their

activities. Physical conditioning is stressed, including aerobic training at all levels of the program. Freshmen will use standardized physical fitness tests to assess personal fitness.

Freshmen students have a core curriculum stressing fitness and the development of individual skills in various team sports and individual sport activities. Written assignments and assessment are included in the curriculum.

**Class Offerings**—the goals and objectives of the Department will be realized through participation in the activities of the following components as recommended in the state guidelines for physical education:

**Life Fitness I**

<ol style="list-style-type: none"> <li>1. Fitness Components and Training Principles</li> <li>2. Aquatics</li> <li>3. Combative</li> <li>4. Dance and Rhythms</li> <li>5. Individual Games and Sports</li> </ol>
--

**Life Fitness II**

<ol style="list-style-type: none"> <li>1. Effects of Physical Activity on Dynamic Health</li> <li>2. Biochemical Principles of Human Movement</li> <li>3. Dance and Rhythms</li> <li>4. Team Sports</li> <li>5. Outdoor Education</li> <li>6. Tumbling</li> </ol>
---

**ADVANCED PHYSICAL EDUCATION (S) #0274**

<b>PREREQUISITE:</b> Grade C or better in Life Fitness 1 and 2 and instructor approval.		
SCHOOL	GRADES	CREDIT
EDHS	11–12	5 units per semester
ORHS	11–12	
PHS	11–12	
UMHS	10*–12	
Virtual Academy		
*if prerequisite is met. This course may be repeated for elective credit.		

This course is open to students who are interested in becoming better conditioned. The course may include diet analysis, performance nutrition, personalized fitness training and/or aerobic training.

**Life Fitness II Options**—Exceptions for student athletes to the Life Fitness II curriculum may be based upon predetermined criteria. Contact your counselor for information.

**PERSONAL FITNESS TRAINING (S) (Y) #0270**

<b>PREREQUISITE:</b> Grade C or better in Life Fitness 1 and 2 and instructor approval.		
SCHOOL	GRADES	CREDIT
EDHS	11–12	5 units per semester, 10 per term
UMHS		
VHS		

This elective course is for the individual interested in utilizing a personal fitness program. Both non-athletes and athletes will participate in strength training, agility training, and speed development specific to their personal needs. Body composition, diet analysis, and performance analysis will also be covered. Internet research will be used to aid the student's personal fitness level. Guest speakers in the athletic and health professions will be invited for possible future career choices.

**HEALTH EDUCATION (S) #0265**

<b>PREREQUISITE:</b> None.		
SCHOOL	GRADES	CREDIT
EDHS	9–12	5 units per semester
ORHS	9–12	
PHS	9–12	
IHS	10–12	
MVHS	11–12	
VHS		
Virtual Academy		

Health Education is comprised of eight sections: Personal Health, Eating for Healthy Living, Substance Use and Misuse, Family Life/Communicable Diseases, Informed Health Consumers, Accident Prevention/First Aid, and Environmental Health.

Students will have the opportunity to learn those skills that enable them to practice good health habits for a lifetime. Students will learn the importance of consciously controlling their own good health so that they may lead long and productive lives in our society.

**HEALTH EDUCATION / STUDY SKILLS (Y) #0263**

<b>PREREQUISITE:</b> None.		
SCHOOL	GRADES	CREDIT
UMHS	9	5 units per semester

This course integrates the Study Skills curriculum into the Health Education. This will satisfy the district's requirement of Health and Study Skills elective credit in the parameter of the block schedule at UMHS.

**HISTORY/ SOCIAL SCIENCE**

The El Dorado Union High School District requires students to complete 3 years of history/social science courses including:

- World History (1 year, 10th grade)
- U.S. History/Geography (1 year, 11th grade)
- American Government (1 semester, 12th grade)
- Economics (1 semester, 12th grade)

**WORLD HISTORY (Y) #0174**

<i>Meets UC Requirement: "a"</i>		

The purpose of the Advanced Placement World History course is to develop greater understanding of the evolution of global processes and contacts in interaction with different types of human societies. This course focuses primarily on the past 1,000 years of the global experience and builds on an understanding of cultural, institutional, and technological precedents that, along with geography, sets the human stage prior to 1,000 A.D.

This course provides a stimulating and challenging experience for able students, preparing students for the Advanced Placement World History Exam.

**U.S. HISTORY/GEOGRAPHY (Y) #0163**

<b>PREREQUISITE:</b> None.		
<b>SCHOOL</b> EDHS ORHS PHS UMHS IHS MVHS VHS Virtual Academy	<b>GRADES</b> 11	<b>CREDIT</b> 5 units per semester
<i>Meets UC Requirement: "a"</i>		

This is a required course for all 11th grade students. This course meets the state requirement for United States History. It is a survey course offering a multidisciplinary approach to the study of the history of our nation. It will enable the student to develop and practice a variety of intellectual activities and work skills appropriate to the social sciences.

**ADVANCED PLACEMENT U.S. HISTORY (Y) #0163AP**

<b>PREREQUISITE:</b> Teacher recommendation. A special application is required. ORHS students must be concurrently enrolled in Honors English II.		
<b>SCHOOL</b> EDHS ORHS PHS UMHS Virtual Academy	<b>GRADES</b> 11	<b>CREDIT</b> 5 units per semester
<i>Meets UC Requirement: "a"</i>		

This course is designed to prepare students for the rigorous AP exam covering colonial times to the present, emphasizing political, sociological, economic, and aesthetic aspects of our nation's history.

**AMERICAN GOVERNMENT (S) #0171**

<b>PREREQUISITE:</b> Completion of U.S. History/Geography or department approval.		
<b>SCHOOL</b> EDHS ORHS PHS UMHS IHS MVHS VHS Virtual Academy	<b>GRADES</b> 12	<b>CREDIT</b> 5 units per semester
<i>Meets UC Requirement: "a" and "g"</i>		

This is a required course for seniors which covers the Constitution of the United States, including the study of American institutions and ideals and the principles of state and local government.

**ADVANCED PLACEMENT AMERICAN GOVERNMENT (Y) #0171AP**

<b>PREREQUISITE:</b> Teacher recommendation.		
<b>SCHOOL</b> EDHS ORHS PHS UMHS Virtual Academy	<b>GRADES</b> 12	<b>CREDIT</b> 5 units per semester
<i>Meets UC Requirement: "a" and "g"</i>		

This course meets the graduation requirement as well as prepares students for the AP exam. Readings are on college introductory course level. Written and oral presentations require critical thinking skills and organization.

**ECONOMICS (S) #0187**

<b>SCHOOL</b> EDHS ORHS PHS UMHS IHS MVHS VHS	<b>GRADES</b> 12	<b>CREDIT</b> 5 units per semester
<i>Meets UC Requirement: "g"</i>		

A required course for seniors that covers basic economic concepts and vocabulary; the development and operation of the U.S. market economy; study of comparative economic systems and world problems; study of the U.S. government's monetary, taxation, and regulatory policies as they affect the economy.

**ADVANCED PLACEMENT MICROECONOMICS (S) (Y) #0189AP**

<b>PREREQUISITE:</b> Teacher recommendation.		
<b>SCHOOL</b> ORHS PHS UMHS Virtual Academy	<b>GRADES</b> 12	<b>CREDIT</b> 5 units per semester
<i>Meets UC Requirement: "g"</i>		

The purpose of an AP course in Microeconomics is to provide a thorough understanding of the principles of economics that apply to the functions of individual decision makers, both consumers and producers, within the larger economic system. It places primary emphasis on the nature and functions of product markets, and includes the study of factor markets and of the role of government in promoting greater efficiency and equity in the economy.

**ADVANCED PLACEMENT MACROECONOMICS (S) (Y) #0187AP**

<b>PREREQUISITE:</b> Teacher recommendation.		
<b>SCHOOL</b> PHS Virtual Academy	<b>GRADES</b> 12	<b>CREDIT</b> 5 units per semester
<i>Meets UC Requirement: "g"</i>		

Work is on a college introductory course level. An AP course in Macroeconomics is designed to give students a thorough understanding of the principles of economics that apply to an economic system as a whole. Such a course places particular emphasis on the study of national income and price determination, and also develops familiarity with economic performance measures, economic growth, and international economics.

**HISTORY ELECTIVE COURSES****GEOGRAPHY AND WORLD CULTURES (S) #0175**

<b>PREREQUISITE:</b> None.		
<b>SCHOOL</b> EDHS ORHS PHS UMHS IHS MVHS VHS Virtual Academy	<b>GRADES</b> 9–12	<b>CREDIT</b> 5 units per semester
<i>Meets CSU/UC Requirement: "g" pending</i>		

This on-line course offers a curriculum that enables students to explore how geographic features, human relationships, political and social structures, economics, science and technology, and the arts have developed and influenced life in countries around the world. Along the way, students are given rigorous instruction on how to read maps, charts, and graphs, and how to create them.

**MULTICULTURAL STUDIES (S) #0176**

<b>PREREQUISITE:</b> None.		
<b>SCHOOL</b> EDHS ORHS PHS UMHS IHS MVHS VHS Virtual Academy	<b>GRADES</b> 9–12	<b>CREDIT</b> 5 units per semester
<i>Meets CSU/UC Requirement: "g" pending</i>		

This on-line course examines the United States as a multicultural nation. The course emphasizes the perspectives of minority groups while allowing students from all backgrounds to better understand and appreciate how race, culture and ethnicity, and identity contribute to their experiences. Major topics in the course include identity, immigration, assimilation and distinctiveness, power and oppression, struggles for rights, regional-ism, culture and the media, and the formation of new cultures. In online discussions and polls, students reflect critically on their own experiences as well as those of others. Interactive multimedia activities include personal and historical accounts to which students can respond using methods of

inquiry from history, sociology, and psychology. Written assignments and journals provide opportunities for students to practice and develop skills for thinking and communicating about race, culture, ethnicity, and identity.

## SOCIAL SCIENCE ELECTIVE COURSES

### **SOCIOLOGY (S) #0182**

<b>PREREQUISITE:</b> Student interest.		
<b>SCHOOL</b> EDHS PHS IHS Virtual Academy	<b>GRADES</b> 10–12	<b>CREDIT</b> 5 units per semester
<i>Meets UC Requirement: "g"</i>		

The course is designed to enhance student awareness of current social issues, relationships, and institutions. It has been created out of a need to develop critical thinking, speaking, research, writing, and collaborative skills in conjunction with a more societal perspective. Students will be asked to research social issues, discuss cause and effect, formulate opinions, draw conclusions, and develop potential solutions to social problems. These problems fall under four main headings: Sociology, Culture, Socialization, Social Stratification, Social Inequalities, and Social Institutions.

### **PSYCHOLOGY (Y); (S)—EDHS, PHS #0183**

<b>PREREQUISITE:</b> Sophomore Biology or equivalent.		
<b>SCHOOL</b> EDHS ORHS PHS UMHS Virtual Academy	<b>GRADES</b> 10–12	<b>CREDIT</b> 5 units per semester
<i>Meets UC Requirement: "g"</i>		

This course is a study of human and animal behavior, and our mental processes. Students are introduced to the scientific method and the core ideas and theories of psychology and gain an understanding of the complexities and diversity of human thought and behavior.

### **ADVANCED PLACEMENT PSYCHOLOGY (Y) #0183AP**

<b>PREREQUISITE:</b> Biology.		
<b>SCHOOL</b> ORHS UMHS Virtual Academy	<b>GRADES</b> 10–12	<b>CREDIT</b> 5 units per semester
<i>Meets UC Requirement: "g"</i>		

This course is designed to introduce students to the systematic and scientific study of the behavior and mental processes of human beings and other animals. Students are exposed to the psychological

facts, principles, and phenomena associated with each of the major subfields within psychology. They also learn about the methods psychologists use in their science and practice.

This course provides a stimulating and challenging experience for able students, preparing them for the Advanced Placement Psychology Exam.

### **20TH CENTURY HISTORY AND FILM (Y) #0168**

<b>PREREQUISITE:</b> Student interest.		
<b>SCHOOL</b> ORHS PHS UMHS	<b>GRADES</b> 11–12	<b>CREDIT</b> 5 units per semester
<i>Meets UC Requirement: "g"</i>		

This course provides students an opportunity to study the history of film and American history through movies improving their analytical, writing, presentation, and evaluation skills. This course surveys the history of American films from inception in the late 19th century today. Students will learn to evaluate the medium of film as an art form and understand its significance as an instrument of cultural diffusion in American history. Students will also analyze film as a reflection of the larger trends in popular culture, with an emphasis on how film reflects the issues of gender, race, and class in American society.

## **MATHEMATICS**

*Note: Please refer to the Four-year Planning Guide on page 13 to understand how courses follow in sequence through the 4-year academic plan.*

### **ALGEBRA FOUNDATIONS (Y) #0239**

<b>PREREQUISITE:</b> Junior high school teacher recommendation.		
<b>SCHOOL</b> EDHS ORHS PHS UMHS IHS MVHS Virtual Academy	<b>GRADES</b> 9–10 9–10 9–10 9–10	<b>CREDIT</b> 5 units per semester

This course will prepare students for success in Algebra 1. Students will achieve proficiency on prerequisite skills for Algebra and selected CCSS. Upon completion of this course, students will enroll in Algebra 1.

### **ALGEBRA 1 (Y) #0212**

<b>PREREQUISITE:</b> Placement based on multiple measures; grade in previous math course, standardized test results, and teacher recommendation.		
<b>SCHOOL</b> EDHS ORHS PHS UMHS IHS MVHS VHS Virtual Academy	<b>GRADES</b> 9–12	<b>CREDIT</b> 5 units per semester
<i>Meets UC Requirement: "c"</i>		

This course meets all of the CCSS for math and satisfies a high school graduation requirement. This course will engage students in solving multi-step and absolute value equations, solving proportions, solving a system of equations algebraically, solving and graphing compound inequalities, solving and graphing absolute value inequalities and systems of inequalities, graphing linear equations and systems of linear equations, writing equations of lines between two points and of lines of parallel and perpendicular to a line and a given point, simplifying exponential expressions, function multiplying and factoring polynomials, solving quadratic equations by factoring, the quadratic formula and completing the square, operations with rational expressions and constructing and analyzing box-and-whisker plots for a set of data.

### **ALGEBRA CONCEPTS (Y) #0233**

<b>PREREQUISITE:</b> Students must have passed or be concurrently enrolled in Algebra 1, or need remediation to pass the CAHSEE, or teacher recommendation. This course is for students who have not passed the math portion on the CAHSEE.		
<b>SCHOOL</b> UMHS IHS MVHS VHS Virtual Academy	<b>GRADES</b> 11–12, or teacher recommend ation	<b>CREDIT</b> 5 units per semester

Topics will provide in-depth work and opportunities to understand concepts necessary to pass the CAHSEE. This course will consist of 13 units which will cover all 98 math items on the CAHSEE. The course will be an integration of arithmetic, algebra, and geometry.

**GEOMETRY (Y) #0221**

<b>PREREQUISITE:</b> Placement based on multiple measures, including grade in previous math course, standardized test results, teacher recommendation.		
<b>SCHOOL</b> EDHS ORHS PHS UMHS IHS MVHS Virtual Academy	<b>GRADES</b> 9–12	<b>CREDIT</b> 5 units per semester
<i>Meets UC Requirement: "c"</i>		

This course meets all of the CCSS for math and engages students bound for college or career technical training in topics as inductive and deductive reasoning, properties and proofs of parallel and perpendicular lines and congruent triangles, relationships with triangles, properties of polygons and quadrilaterals, similar shapes and proportional reasoning, trigonometry, transformations, properties of circles, finding area and perimeter of triangles, various quadrilaterals, regular polygons and circles, and finding the surface area and volume of prisms, pyramids, cones, cylinders, and spheres.

**FINANCIAL ANALYSIS (Y) #0202**

<b>PREREQUISITE:</b> Completion of Algebra 1. Teacher approval required for students who have taken Algebra 2 or higher.		
<b>SCHOOL</b> EDHS ORHS PHS UMHS IHS MVHS VHS Virtual Academy	<b>GRADES</b> 12, or 11 with teacher recommendation	<b>CREDIT</b> 5 units per semester

This class will introduce students to the fundamental concepts of personal and business finance, with primary emphasis on personal finance. Topics include income, taxes, recordkeeping, checking and savings accounts, cash and credit card purchases, loans, vehicle and housing costs, insurance, and investments. Business finance topics may include marketing, purchasing, hiring, etc.

**ALGEBRA 2 (Y) #0213**

<b>PREREQUISITE:</b> Grade C or better in Geometry.		
<b>SCHOOL</b> EDHS ORHS PHS UMHS IHS Virtual Academy	<b>GRADES</b> 9–12	<b>CREDIT</b> 5 units per semester
<i>Meets UC Requirement: "c"</i>		

This designed for students bound for college or career technical training.

Students will expand and develop algebra and trigonometric concepts to an advanced level of mathematics. Students will engage in an in-depth study of California's Common Core Standards for Mathematics. Topics include systems of equations and inequalities, quadratic functions, polynomial functions, exponential and logarithmic functions, rational and radical functions, conic sections, probability and statistics, and trigonometry.

**ADVANCED ALGEBRA 2 (Y) #0227**

<b>PREREQUISITE:</b> Grade B or better in Geometry or teacher recommendation.		
<b>SCHOOL</b> EDHS ORHS PHS UMHS Virtual Academy	<b>GRADES</b> 9–12	<b>CREDIT</b> 5 units per semester
<i>Meets UC Requirement: "c"</i>		

This course is designed to meet the needs of college-bound students whose emphasis will be in math and science and who require an extensive background in algebra. Topics include polynomials, rational expressions, quadratics, conics, complex numbers, exponents, logarithms, series, combinatorics, and probability and statistics. The pathway from Advanced Algebra 2 leads to PreCalculus, Function Analysis and Trigonometry or Probability and Statistics (or Advanced Placement Statistics with a grade B or better).

**PROBABILITY AND STATISTICS (Y) #0234**

<b>PREREQUISITE:</b> Grade C or better in Algebra 2 or Advanced Algebra 2.		
<b>SCHOOL</b> EDHS ORHS PHS UMHS IHS Virtual Academy	<b>GRADES</b> 11–12, or 10 with teacher recommendation	<b>CREDIT</b> 5 units per semester
<i>Meets UC Requirement: "c"</i>		

This course is designed to meet the needs of students who want an additional year of mathematics, especially those who would like the experience with the skill and concepts of statistics but do not choose to attempt the pace and rigor of an Advanced Placement Statistics course.

**FUNCTION ANALYSIS AND TRIGONOMETRY (Y) #0223**

<b>PREREQUISITE:</b> Grade C or better in Advanced Algebra 2, Grade B in Algebra 2, or teacher recommendation.		
<b>SCHOOL</b> EDHS ORHS PHS Virtual Academy	<b>GRADES</b> 10–12	<b>CREDIT</b> 5 units per semester
<i>Meets UC Requirement: "c"</i>		

This college-prep class engages students in an in-depth study of CCSS for math. Topics include equations, functions families and their graphs, rational, polynomial, exponential, logarithmic, and trigonometric functions, trigonometric identities and applications, and conic sections. Students successfully completing this course will have an extensive background in advanced level mathematics preparing them for college-level coursework.

**PRECALCULUS (Y) #0229**

<b>PREREQUISITE:</b> Grade B or better in Advanced Algebra 2, or teacher recommendation.		
<b>SCHOOL</b> EDHS ORHS PHS UMHS	<b>GRADES</b> 10–12	<b>CREDIT</b> 5 units per semester
<i>Meets UC Requirement: "c"</i>		

This course is a prerequisite for AP Calculus and is designed for college-bound students interested in math and science. This course engages students in an in-depth study of CCSS for math. Topics include equations, functions families and their graphs, rational, polynomial, exponential, logarithmic, and trigonometric functions, trigonometric identities and applications, vectors, polar and parametric equations, and a study of limits. Students successfully completing this course will have an extensive background in advanced level mathematics preparing them for college-level coursework.

**DIFFERENTIAL CALCULUS (Y) #0232**

<b>PREREQUISITE:</b> Grade C or better in Function Analysis and Trigonometry or PreCalculus.		
<b>SCHOOL</b> ORHS PHS UMHS	<b>GRADES</b> 11–12	<b>CREDIT</b> 5 units per semester
<i>Meets UC Requirement: "c"</i>		

This advanced level mathematics course is designed to provide a review of PreCalculus concepts and an introduction to a first semester Calculus course at a college or university. Topics include limits, rules of differentiation, applications of derivatives, integration, and volume of solids.

**ADVANCED PLACEMENT STATISTICS (Y) #0228AP**

<b>PREREQUISITE:</b> Grade B or better in Advanced Algebra 2 or Function Analysis and Trigonometry, Grade C or better in PreCalculus, or teacher recommendation.		
<b>SCHOOL</b> EDHS ORHS PHS UMHS Virtual Academy	<b>GRADES</b> 10–12	<b>CREDIT</b> 5 units per semester
<i>Meets UC Requirement: "c"</i>		

This is an advanced high school mathematics course for the student who wishes to complete the equivalent of a 1-semester introductory, noncalculus-based college course in statistics. This course is preparation for the Advanced Placement Statistics Exam.

**ADVANCED PLACEMENT CALCULUS AB (Y) #0230AP**

<b>PREREQUISITE:</b> Grade C or better in PreCalculus and teacher recommendation.		
<b>SCHOOL</b> EDHS ORHS PHS Virtual Academy	<b>GRADES</b> 11–12	<b>CREDIT</b> 5 units per semester
<i>Meets UC Requirement: "c"</i>		

This is an advanced high school math course for the student who wishes to complete the equivalent of the first-level college and calculus course. The course is preparation for the second-level college calculus course and Calculus AB Advanced Placement Exam.

**ADVANCED PLACEMENT CALCULUS BC (Y) #0231AP**

<b>PREREQUISITE:</b> Grade C or better AP Calculus AB or teacher recommendation.		
<b>SCHOOL</b> ORHS PHS UMHS	<b>GRADES</b> 11–12	<b>CREDIT</b> 5 units per semester
<i>Meets UC Requirement: "c"</i>		

This is an advanced high school math course for the student who wishes to complete the equivalent of the first two levels of the college calculus series. The course is preparation for the third-level college calculus course and the Calculus BC Advanced Placement Exam.

**ADVANCED PLACEMENT COMPUTER SCIENCE A (Y) #0243AP**

<b>PREREQUISITE:</b> Grade B or better in Algebra 2 or Advanced Algebra 2, or teacher recommendation.		
<b>SCHOOL</b> ORHS	<b>GRADES</b> 11–12	<b>CREDIT</b> 5 units per semester
<i>Meets UC Requirement: "g"</i>		

This course includes all the topics of Advanced Placement Computer Science A emphasizing object-oriented programming methodology with a concentration on problem solving and algorithm development. It also includes the study of data structures, design, and abstraction. The course is designed for students with no prior computing experience and is meant to be the equivalent of a first semester college-level course in Computer Science.

**DATABASE DESIGN AND SQL PROGRAMMING (Y) #0454**

<b>PREREQUISITE:</b> Grade C or better in Geometry.		
<b>SCHOOL</b> EDHS, ORHS, PHS, UMHS	<b>GRADES</b> 11–12	<b>CREDIT</b> 5 units per semester
<i>Meets UC Requirement: pending</i>		

This two-part course is designed to meet the needs of college-bound students who would like to experience college-level database design and Structured Query Language (SQL) programming. In Part 1, database design curriculum, students learn to analyze complex business scenarios and create a data model, a conceptual representation of an organization's information. In Part 2, database programming curriculum, students implement their database design by creating a physical database using the industry-standard SQL. Upon completion of this course, students have the opportunity to take an exam to earn industry certification: Oracle Database SQL Certified Expert.

**SCIENCE**

Students in all science classes should expect 2–3 hours each week of work outside of class. Students will be expected to pay for any breakage caused by carelessness. All incoming freshmen are expected to enroll in Physical/ Earth Science. Exceptions to this policy are to be considered on a case-by-case basis.

**PHYSICAL/EARTH SCIENCE (Y) #0305**

<b>SCHOOL</b> EDHS ORHS PHS UMHS IHS MVHS VHS Virtual Academy	<b>GRADES</b> 9–12	<b>CREDIT</b> 5 units per semester
<i>Meets UC Requirements: "g"</i>		

Students will investigate the various areas of physical and earth science. This is an introduction to equipment and techniques that will be applied in biology, chemistry, and physics. Satisfies Physical Science graduation requirement.

**BIOLOGY (Y) #0311**

<b>PREREQUISITE:</b> Grade C or better in Physical/Earth Science or concurrent enrollment in Geometry.		
<b>SCHOOL</b> EDHS ORHS PHS UMHS IHS MVHS VHS Virtual Academy	<b>GRADES</b> 9–12	<b>CREDIT</b> 5 units per semester
<i>Meets UC Requirement: "d"</i>		

Biology is the study of living systems. Those concepts fundamental to the understanding of all life include biological molecules, energy transfer through photosynthesis, cell respiration and fermentation, cell structure and function, classification, DNA structure and function, protein-synthesis, genetics, evolution, and ecology.

**CHEMISTRY A (Y) #0318**

<b>PREREQUISITE:</b> Grade C or better in Algebra 1 and Biology. Completion of Geometry and/or concurrent enrollment in Algebra 2 is recommended. Otherwise instructor approval is required.		
ORHS students must be concurrently enrolled in Algebra 2 or Advanced Algebra 2.		
<b>SCHOOL</b> EDHS ORHS PHS UMHS	<b>GRADES</b> 10–12	<b>CREDIT</b> 5 units per semester
<i>Meets UC Requirement: "d"</i>		

Chemical principals will be applied to inquiry, investigation, and application to real-world and global challenges.

**CHEMISTRY (Y) #0320**

<b>PREREQUISITE:</b> Grade C or better in Algebra 1, Geometry, and Biology. Concurrent enrollment in Algebra 2 or Advanced Algebra 2 is required.		
<b>SCHOOL</b> EDHS ORHS PHS UMHS Virtual Academy	<b>GRADES</b> 10–12	<b>CREDIT</b> 5 units per semester
<i>Meets UC Requirement: "d"</i>		

Students in this laboratory science course study the natural elements and the changes they undergo. This course will develop the capacity to reason and provide students with a sound base from which students can pursue a career in one of the health fields or sciences.

This course satisfies Physical Science graduation requirement. This course is suitable for all college-bound students with strong math skills and an interest in a science or technology career.

**ENVIRONMENTAL SCIENCE (Y) #0303**

<b>PREREQUISITE:</b> Grade C or better in Biological Science and Physical/Earth Science.		
ORHS Students must successfully complete Biology, and be concurrently enrolled in Chemistry A or Chemistry.		
<b>SCHOOL</b> UMHS Virtual Academy	<b>GRADES</b> 11–12	<b>CREDIT</b> 5 units per semester
<i>Meets UC Requirement: "g"</i>		

Environmental principals will be applied to inquiry, investigation, and application to real-world and global challenges.

**ORGANISM DIVERSITY AND STRUCTURE (Y) #0333**

<b>PREREQUISITE:</b> Grade C or better in Chemistry or Chemistry A.		
<b>SCHOOL</b> UMHS	<b>GRADES</b> 11–12	<b>CREDIT</b> 5 units per semester
<i>Meets UC Requirement: "d" This course may be offered alternate years. Check with your Counselor.</i>		

This challenging course focuses on the biochemistry, anatomy, and physiology of all life with an emphasis on plants and animals, looking at cells, tissues, and organ systems. A systematic study will be made of a variety of organisms, comparing their evolutionary relationships. Some dissection is expected. This course is conducted at a college level.

**HUMAN PHYSIOLOGY (Y) #0313**

<b>PREREQUISITE:</b> Grade B or better in Biology, and grade C or better in Chemistry or Chemistry A is highly recommended.		
<b>SCHOOL</b> EDHS ORHS PHS UMHS	<b>GRADES</b> 11–12	<b>CREDIT</b> 5 units per semester
<i>Meets UC Requirement: "d"</i>		

This course focuses on the biochemistry, anatomy, and physiology of the human body. Cells, tissues, organs, and organ systems will be studied, with an emphasis on the medical field. Some dissection is expected.

**PHYSICS (Y) #0330**

<b>PREREQUISITE:</b> Grade B or better in Geometry; current enrollment in Algebra 2 or Advanced Algebra 2 required; completion of Chemistry highly recommended.		
<b>SCHOOL</b> EDHS ORHS PHS UMHS Virtual Academy	<b>GRADES</b> 11–12 10–12 11–12 11–12	<b>CREDIT</b> 5 units per semester
<i>Meets UC Requirement: "d"</i>		

This course is designed for students who wish to understand the functions and applications of such areas as forces, motion, energy, heat, light, sound, electricity, and electronics. This course satisfies the Physical Science graduation requirement.

**ADVANCED PLACEMENT ENVIRONMENTAL SCIENCE (Y) #0303AP**

<b>PREREQUISITE:</b> Grade B or better in Biology, and concurrent enrollment in Chemistry A or Chemistry.		
<b>SCHOOL</b> EDHS ORHS PHS UMHS	<b>GRADES</b> 11–12	<b>CREDIT</b> 5 units per semester
<i>Meets UC Requirement: "d"</i>		

This Advanced Placement course is equivalent to a first-year college-level course in Environmental Science. It provides a stimulating and challenging experience for able students, preparing them for the Advanced Placement Environmental Science Exam.

**ADVANCED PLACEMENT BIOLOGY (Y) #0311AP**

<b>PREREQUISITE:</b> Grade B or better in Biology and Chemistry, or teacher recommendation.		
<b>SCHOOL</b> EDHS ORHS PHS UMHS Virtual Academy	<b>GRADES</b> 11–12	<b>CREDIT</b> 5 units per semester
<i>Meets UC Requirement: "d"</i>		

Equivalent to first-year college biology course. This course is designed to be taken by students after the successful completion of a first course in high school biology and high school chemistry. It aims to provide students with the conceptual framework, factual knowledge, and analytical skills necessary to deal critically with the rapidly changing science of biology. Prepares student for AP Biology exam. This course is conducted at college level.

**ADVANCED PLACEMENT PHYSICS C: MECHANICS (Y) #0330AP**

<b>PREREQUISITE:</b> Grade B or better in Chemistry and Math Analysis. Concurrent enrollment in Calculus required.		
<b>SCHOOL</b> ORHS	<b>GRADES</b> 11–12	<b>CREDIT</b> 5 units per semester
<i>Meets UC Requirement: "d"</i>		

This Advanced Placement course is equivalent to a college-level first-year college course in Physics. It provides a stimulating and challenging experience for able students, preparing them for the Advanced Placement Physics C Exam.

**SPECIAL EDUCATION****DISTRICT PROGRAMS:**

- **DIS (Individual and Small Group Instruction):** All schools
- **SDC (Special Day Class):** EDHS, ORHS, PHS, UMHS
- **RSP (Resource Specialist Program):** All schools
- **ED (Emotionally Disturbed):** PHS, UMHS
- **WorkAbility (Preemployment and Employment Training of Special Education Students):** All schools

**CAREER EXPERIENCE (Y) #0762**

<b>PREREQUISITE:</b> IEP team recommendation.		
SCHOOL	GRADES	CREDIT
EDHS ORHS PHS UMHS IHS	9–12	5 units per semester
<i>This course meets elective credit only and may be repeated.</i>		

Career Experience will teach students valuable work skills in exploring employment opportunities and maintaining a job. Students will work under supervision at various job sites to gain real-world work experience. This class will also review budgeting paychecks, managing time, and maintaining a healthy lifestyle.

**INDEPENDENT LIVING SKILLS A–D (Y) #0817**

<b>PREREQUISITE:</b> IEP team recommendation.		
SCHOOL	GRADES	CREDIT
EDHS ORHS PHS UMHS IHS Virtual Academy	9–12	5 units per semester
<i>This course meets elective credit only and may be repeated.</i>		

This class will focus on practical applications of daily living skills, self-help skills, communication, personal management, and community skills. Students will build individual skills as well as work in teams/groups to apply independent living skills. Each course, A through D, will progress through the same benchmarks, but with emphasis in different activities.

**LIFE SKILLS MATH (Y) #0774**

<b>PREREQUISITE:</b> IEP team recommendation.		
SCHOOL	GRADES	CREDIT
EDHS ORHS PHS UMHS IHS	9–12	5 units per semester
<i>This course meets elective credit only and may be repeated.</i>		

This class will focus on math-related concepts that are used in daily living tasks. Students will build on individual math skills as well as work in teams/groups to apply practical math concepts.

**PRACTICAL MATH (Y) #0805**

<b>PREREQUISITE:</b> IEP team recommendation.		
SCHOOL	GRADES	CREDIT
EDHS ORHS PHS UMHS IHS	9–12	5 units per semester
<i>This course meets elective credit only and may be repeated.</i>		

Students will improve their proficiency in basic computational and procedural skills, develop conceptual understanding, and become more adept at problem solving.

**READING BASICS (Y) #0806**

<b>PREREQUISITE:</b> IEP team recommendation.		
SCHOOL	GRADES	CREDIT
EDHS ORHS PHS UMHS IHS	9–12	5 units per semester
<i>This course meets elective credit only and may be repeated.</i>		

This elective course will emphasize the development of decoding strategies, fluency, and comprehension. Students will be provided with the basic support and strategies needed to understand a variety of reading materials. This course will support students to be more active, strategic readers. This course will also promote learning in all subject areas as well as reading for pleasure and in practical situations. Attitudes about reading will be addressed, and students will be encouraged to develop positive concepts of themselves as readers.

**PRACTICAL ENGLISH I (Y) #0801**

<b>PREREQUISITE:</b> IEP team recommendation.		
SCHOOL	GRADES	CREDIT
EDHS ORHS PHS UMHS IHS	9–12	5 units per semester
<i>This course meets elective credit only and may be repeated.</i>		

This English class will primarily focus on reading comprehension skills in fiction and nonfiction literature, with an emphasis on reading fluency. Vocabulary and writing will be an essential part of creating a mastery of the literature. Students will also focus on spelling and sentence writing skills, which will progress to paragraph and simple essay structures that can be applied to everyday use. Collaborative learning will be enhanced as students work on peer editing and creating personal connections to literature. Computer and technology integration will be an integral part of each unit.

**CAREERS ENGLISH (Y) #0763**

<b>PREREQUISITE:</b> IEP team recommendation.		
SCHOOL	GRADES	CREDIT
EDHS ORHS PHS UMHS IHS	9–12	5 units per semester
<i>This course meets elective credit only and may be repeated.</i>		

This class will focus on and build English skills and related concepts that will allow the students to prepare for a school-to-career transition. They will work on reading comprehension and writing, build communication skills, improve their vocabulary and become familiar with career pathways. Students will develop an understanding of the SCANS foundations and competencies as they relate to employer expectations and successful job experiences. Technology, guest speakers, and field trips will be utilized along with independent, small group, and team activities/ assignments.

**LIFETIME HEALTH (Y) #0827Z**

<b>PREREQUISITE:</b> IEP team recommendation.		
SCHOOL	GRADES*	CREDIT
EDHS ORHS PHS UMHS IHS	9–12	5 units per semester
<i>This course meets elective credit only and may be repeated.</i>		

This 1-semester health course will offer students the opportunity to learn matters related to their physical, mental, and emotional wellbeing. This course is designed for special education students to learn skills enabling them to practice good health habits for a lifetime. This class will be taught at a slower pace and at a level that will take into consideration the special needs of specific learning styles as well as student disabilities. Students will learn the importance of consciously controlling their own good health so that they may lead long and productive lives in society. This course does not address all of the standards necessary for a high school diploma; however, the course may be taken as preparation for the general education health

class or as a standalone elective credit for high school certificate of graduation.

**COMPUTER FUNDAMENTALS (Y) #0765Z**

<b>PREREQUISITE:</b> IEP team recommendation.		
SCHOOL	GRADES	CREDIT
EDHS ORHS PHS UMHS IHS	9–12	5 units per semester
<i>This course meets elective credit only and may be repeated.</i>		

This 2-semester class will integrate activities to develop research, problem solving and communication skills through individual and group projects that will be taught at a level and speed conducive to the learning needs of special education students. Students will learn to improve or develop keyboarding skills, create and edit documents using computer applications as Word, Excel, Multimedia/Desktop Publishing, and use the Internet to access information. This course does not address all of the standards necessary for a high school diploma; however, this course may be taken as preparation for the general education computer technology class, or may stand alone as elective credit for a high school certificate of graduation.

**HISTORICAL AND GEOGRAPHICAL PERSPECTIVES OF THE U.S.-S (Y) #0820**

<b>PREREQUISITE:</b> IEP team recommendation.		
SCHOOL	GRADES	CREDIT
EDHS ORHS PHS UMHS IHS	9–12	5 units per semester
<i>This course meets elective credit only.</i>		

This elective course will explore American historical perspectives, including geography and government, with a focus on U.S. growth and involvement with the world.

**HISTORICAL AND GEOGRAPHICAL PERSPECTIVES OF THE WORLD (Y) #0821**

SCHOOL	GRADES	CREDIT
EDHS ORHS PHS UMHS IHS	9–12	5 units per semester
<i>This course meets elective credit only.</i>		

This course will explore world cultures including global, cultural, and historical backgrounds. The course will emphasize cooperative learning, classroom discussion, and technology to promote and enhance the understanding of world cultural views.

**APPLIED AMERICAN GOVERNMENT (Y) #0738**

<b>PREREQUISITE:</b> IEP team recommendation.		
SCHOOL	GRADES	CREDIT
EDHS ORHS PHS UMHS IHS	9–12	5 units per semester
<i>This course meets elective credit only.</i>		

This course will include the study of the Constitution, Bill of Rights, the Courts, the Legislative Branches, and state and local governments. It will also include an opportunity for all students to become involved in community activities by attending a meeting and experiencing the process. Daily, the students will scan

newspapers for aspects of government that affect them directly, as we “apply” government.

**PRACTICAL ECONOMICS (Y) #0739**

<b>PREREQUISITE:</b> IEP team recommendation.		
SCHOOL	GRADES	CREDIT
EDHS ORHS PHS UMHS IHS	9–12	5 units per semester
<i>This course meets elective credit only.</i>		

In this course, students will study the market system of the U.S. economy. The course will include a study of basic economic concepts and vocabulary, and the development and operation of the U.S. market economy from both the microeconomic and macroeconomic context. Students will compare the U.S. economy to other countries to help better understand global economics and how it affects everyone. This will be taught at a level consistent with the needs of special education students at all levels to best provide them with an opportunity to learn about a critical part of our world that affects everyone.

**VISUAL AND PERFORMING ARTS**

(Art, Dance, 3-Dimensional Design, Drama, Music)

**ART AND 3-DIMENSIONAL DESIGN**

**ART 1 (Y) #0601**

SCHOOL	GRADES	CREDIT
EDHS ORHS PHS UMHS IHS MVHS VHS Virtual Academy ILC	9–12	5 units per semester
<i>Meets UC Requirement: “f”</i>		
<i>This course may <u>not</u> be repeated for elective credit.</i>		

This is an introductory art class into the fundamentals of drawing, painting, print-making, art history, art appreciation, and aesthetic judgment. Projects in the class will emphasize the elements and principles of design and varied technical skills, such as drawing and painting. This course is a prerequisite for Art II/ Advanced and AP Art. This course satisfies the Fine Arts graduation requirement.

**ART 2/ADVANCED (Y) #0602**

<b>PREREQUISITE:</b> Grade B or better in Art 1 and teacher approval.		
SCHOOL	GRADES	CREDIT
EDHS ORHS UMHS VHS	10–12	5 units per semester
<i>Meets UC Requirement: “f” and “g.”</i>		
<i>Advanced Art may be repeated for elective credit with a grade B and teacher approval.</i>		

Advanced Art is an extension of the skills and techniques developed in Art 1. This course is intended for students who wish to continue their studies of drawing, painting, art history, and design at a more advanced level. Projects will require the student to work at a more advanced level. This course satisfies the Fine Arts graduation requirement.

**ADVANCED PLACEMENT STUDIO ART (Y) #0606AP**

<b>PREREQUISITE:</b> Teacher approval.		
SCHOOL	GRADES	CREDIT
ORHS PHS UMHS	11–12	5 units per semester
<i>Meets UC Requirement: “f” and “g.”</i>		
<i>This course may be repeated for credit with a grade B and teacher approval.</i>		

The AP Studio Art program enables highly motivated students to do college-level work in studio art while in high school. AP Studio Art is not based on a written examination; instead, candidates submit a portfolio of work for evaluation and possible college credit at the end of the school year. AP work does involve significantly more time and commitment than most high school courses; therefore, the program is intended for students seriously committed to the study of art.

**ART APPRECIATION (Y) #0619**

<b>PREREQUISITE:</b> Grade B or better in Art 1 and teacher approval.		
SCHOOL	GRADES	CREDIT
Virtual Academy All Sites	10–12	5 units per semester
<i>Based on national standards developed by the Consortium of National Arts Education Association and key state standards.</i>		

This on-line learning course is a survey of the history of Western visual arts, with a primary focus on painting. Students are introduced to the basic principles of painting and learn how to critique and compare works of art. Student also explores prehistoric and early Greek and Roman art before they move on to the Middle Ages. Emphasis is placed on the Renaissance and the principles and matters that emerged in Italy and northern Europe. Students continue their art tour with the U.S. during the 20th century and finish by

studying traditions from Africa, Asia, Oceania, and the Americas.

**3-D DESIGN (Y) #0607**

SCHOOL	GRADES	CREDIT
EDHS	9–12	5 units per semester
ORHS	10–12	
PHS	9–12	
UMHS	9–12	

*Meets UC Requirement: "f"*

Introduces the basic elements and principles of design involved with 2- and 3-dimensional art. Areas of study may include ceramics, sculpture, fiber art, stained glass, computer graphics, and other media. The course involves 2- and 3-dimensional design and satisfies the Fine Arts graduation requirement. This course is a prerequisite for Advanced 3-Dimensional Design. Problem solving is emphasized.

**ADVANCED 3-D DESIGN (Y) #0608**

<b>PREREQUISITE:</b> Grade B or better in 3-Dimensional Design and permission of instructor.		
SCHOOL	GRADES	CREDIT
EDHS	10–12	5 units per semester
UMHS	10–12	

*Meets UC Requirement: "f" and "g"  
This course may be repeated for elective credit with a grade B or better and teacher approval.*

This course is designed for the serious art student who wants to continue working with 2-and 3-dimensional design on a more advanced level. Class work and individual assignments will be emphasized throughout the year.

Elements and principles of design are emphasized. Computer graphics may be presented. This course satisfies the Fine Arts graduation.

**DIGITAL IMAGING PHS—(Y); UMHS—(S) #0635**

<b>PREREQUISITE:</b> Art 1, ICT Foundations.		
SCHOOL	GRADES	CREDIT
ORHS	10–12	5 units per semester
PHS		
UMHS		
IHS		

This is a school-to-career course for the digital artist. Students will master computer graphics applications as Adobe Photoshop and Adobe Illustrator to manipulate artistic contents. Students will learn to operate peripheral devices, such as scanners, digital cameras, and graphic slates. Student products will have a foundation in the elements and principals of design. Copyright law is a critical component of this course.

**ADVANCED 3-D DESIGN: CERAMICS (Y) #0612**

<b>PREREQUISITE:</b> Grade C or better in 3-Dimensional Design or teacher approval.		
SCHOOL	GRADES	CREDIT
ORHS	11–12	5 units per semester
PHS		
UMHS		
UMHS		

*Meets UC Requirement: "f" and "g"*

This advanced 3-dimensional design class explores various hand building and potter's wheel techniques along with staining and glazing of finished ceramic projects.

**DANCE**

**DANCE I (S) (Y) #0627**

SCHOOL	GRADES	CREDIT
EDHS	9–12	5 units per semester
ORHS		
UMHS		
IHS		

*Meets UC Requirement: "f"*

Dance I is an introduction to different types of dance and basic dance technique—jazz and ballet primarily. Creative expression, music interpretation, and elements of choreography will be explored as well as the History of Dance.

**DANCE II (S) (Y) #0628**

<b>PREREQUISITE:</b> Dance I.		
SCHOOL	GRADES	CREDIT
EDHS	9–12	5 units per semester
ORHS		
UMHS		
IHS		

*Meets UC Requirement: "f" and "g" (Note: UMHS requirement is "f" only)  
This course may be repeated for credit.*

Dance II continues to develop the dancer as artist and technician. Emphasis is placed on technique and style, choreography, and performance components. Production elements, such as basic training in makeup, costuming, and directing, will be developed throughout this course. A course requirement includes 5 hours per semester of extracurricular dance/theater experience. Each student will perform in front of a school or community audience regularly.

**DANCE III (S) (Y) #0640**

<b>PREREQUISITE:</b> Dance I and II or teacher approval.		
SCHOOL	GRADES	CREDIT
EDHS	9–12	5 units per semester
UMHS		

*Meets UC Requirement: "f" and "g" (Note: UMHS requirement is "f" only)  
This course may be repeated for credit.*

Dance III is a course designed for students who are interested in pursuing an academic and extracurricular experience in dance but need to further develop technical and

performance skills before enrolling in Dance Production. Emphasis will be placed on developing technical strength, performance confidence, and personal responsibility in developing artistic goals. Each student may perform in front of a school or community audience regularly.

**DANCE PRODUCTION (S) (Y) #0629**

<b>PREREQUISITE:</b> Audition or instructor consent.		
SCHOOL	GRADES	CREDIT
EDHS	9–12	5 units per semester
UMHS		

*Meets UC Requirement: "f" and "g" (Note: UMHS requirement is "f" only)  
This course may be repeated for elective credit.*

This yearlong course is designed to support serious dancers in pursuit of academic and extracurricular experience in dance. Students will be required to develop artistic goals and work to achieve them through technique and performance. Students will study in detail various dance styles through research and choreography as well as create, develop, and teach their own dance works to the school and community. A focus on the elements of production will be required, including, but not limited to, sets, costumes, lighting, and make-up. Attendance is mandatory at all performances and extra rehearsals.

**DRAMA**

**DRAMA (Y) #0620**

SCHOOL	GRADES	CREDIT
EDHS	9–12	5 units per semester
ORHS		
PHS		
UMHS		
IHS		

*Meets UC Requirement: "f"*

The first semester will survey the basic skills every actor needs, such as theatre terminology, movement, improvisation, and vocal techniques. The second semester will explore acting techniques, including extensive practice in character development, line interpretation, and stage presence, culminating in performance. Course requirement includes 10 hours per semester of extracurricular theatre experience.

**ADVANCED DRAMA (Y) #0621**

<b>PREREQUISITE:</b> Grade B or better in Drama or consent of instructor.		
SCHOOL	GRADES	CREDIT
EDHS	10–12	5 units per semester
ORHS		
PHS		
UMHS		

*Meets UC Requirement: "f" and "g"  
This course may be repeated for elective credit.*

Advanced acting requires a full understanding of the theatre, past and present, so students will study history and genre through class activities and scene work in a variety of periods and types of plays. Training in makeup, costuming, sound and lighting techniques, and directing will also be offered. Play production will be part of the class as well. Students will develop a promotional campaign, design programs and sets, pursue acting and script skills such as identification of a playwright's intent, what mood a play requires and how sets affect the play. The emphasis will be on theatre as an art form. Course requirement includes 20 hours per semester of extracurricular activity.

Advanced Drama (#0621) and Advanced Drama Second Year (#0622) will meet the 4th year high school English requirement.

**THEATER TECHNOLOGY AND PRODUCTION (Y) #0625**

<b>PREREQUISITE:</b> Grade C or better in Drama and/or permission of instructor. UMHS: Also required Advanced Drama and Advanced Drama Second Year.		
<b>SCHOOL</b> PHS UMHS*	<b>GRADES</b> 10-12	<b>CREDIT</b> 5 units per semester
<i>*Meets UC Requirement: "f" and "g" at UMHS</i>		

The Theatre Technology class is designed to give the student an overview of the various components that make up the practical/ technical side of the performing arts. The class will survey the areas of business management, costuming, lighting, makeup, promotion, set construction, sound, and team building. Each element will be explored from the standpoint of concept, design, and practical application, with opportunities for implementation during one of the season's productions. Careers in theatre will also be investigated, through research using our extensive Career Center, interviews with working professionals, and optional internship assignments.

**MUSIC**

**MUSIC APPRECIATION (Y) #0671**

<b>PREREQUISITE:</b> None.		
<b>SCHOOL</b> Virtual Academy All Sites	<b>GRADES</b> 9-12	<b>CREDIT</b> 5 units per semester
<i>Meets UC Requirement: "f" pending. Also meets graduations requirements for VAPA.</i>		

This on-line course explores the interface of music and social movements and examines how the emergent global society and the Internet is bringing musical forms together in new ways from all around the world. Music Appreciation introduces students to the history, theory, and genres of music

from the most primitive surviving examples through the classical to the most contemporary in the world at large. The course is offered in a two semester format: The first semester covers primitive musical forms, classical music, and American jazz. The second semester presents the rich modern traditions, including: gospel, folk, soul, blues, Latin rhythms, rock and roll, and hip-hop.

**BEGINNING / INTERMEDIATE INSTRUMENTS (S) (Y) #0653**

<b>PREREQUISITE:</b> Consent of instructor.		
<b>SCHOOL</b> EDHS ORHS PHS UMHS	<b>GRADES</b> 9-12	<b>CREDIT</b> 5 units per semester
<i>Meets UC Requirement: "f"</i> <i>This course may be repeated for elective credit.</i>		

This course is designed for students with an interest in learning or improving their skills on an instrument. Students may study woodwinds, brass, percussion, guitar, piano, electric bass, or strings.

**ADVANCED BAND: SYMPHONIC / MARCHING BAND (Y) #0655**

<b>PREREQUISITE:</b> Consent of instructor.		
<b>SCHOOL</b> EDHS ORHS PHS UMHS	<b>GRADES</b> 9-12	<b>CREDIT</b> 5 units per semester
<i>Meets UC Requirement: "f" and "g"</i> <i>This course may be repeated for elective credit.</i>		

This course is for the advanced music student. The first part of the year is spent as a marching band. At the conclusion of the football season, the band prepares for the concert season. Attendance is required at all performances and extra rehearsals. This is a performance-oriented class.

**ADVANCED BAND: CONCERT BAND (Y) #0656**

<b>PREREQUISITE:</b> Consent of instructor.		
<b>SCHOOL</b> PHS UMHS	<b>GRADES</b> 9-12	<b>CREDIT</b> 5 units per semester
<i>Meets UC Requirement: "f" and "g"</i> <i>This course may be repeated for elective credit.</i>		

This course is for the advanced music student and recommended for all incoming freshmen, cross-country runners, varsity and junior varsity football players, and those students who do not want to be involved in marching band. Attendance is required at all performances and extra rehearsals.

**ADVANCED BAND: WIND ENSEMBLE (Y) #0657**

<b>PREREQUISITE:</b> Consent of instructor.		
<b>SCHOOL</b> EDHS ORHS	<b>GRADES</b> 9-12	<b>CREDIT</b> 5 units per semester
<i>Meets UC Requirement: "f" and "g"</i> <i>This course may be repeated for elective credit.</i>		

This course is open to all advanced wind, brass, and percussion students. Enrollment may be limited, which may call for auditions in sections having more people than needed. This is a performance class for students interested in improving their musicianship through performance of serious musical literature and study of advanced theory and music history. Attendance is required at all performance and extra rehearsals.

**ENSEMBLE CLASS – VOICE (S) (Y) #0664**

<b>PREREQUISITE:</b> Consent of instructor.		
<b>SCHOOL</b> EDHS PHS	<b>GRADES</b> 9-12	<b>CREDIT</b> EDHS variable credit PHS 5 units per semester
<i>Meets UC Requirement: "f" and "g"</i> <i>This course may be repeated for elective credit.</i>		

This course is for those music students who are interested in improving their musicianship through the performance of serious musical literature and the study of advanced theory and ear training. Performances include solos, duets, trios, and other small ensembles.

**JAZZ ENSEMBLE (S) (Y) #0652**

<b>PREREQUISITE:</b> Consent of instructor.		
<b>SCHOOL</b> EDHS ORHS PHS UMHS	<b>GRADES</b> 9-12	<b>CREDIT</b> 5 units per semester
<i>Meets UC Requirement: "f" and "g" (Note: UMHS requirement is "f" only)</i> <i>This course may be repeated for elective credit.</i>		

This course is open to all advanced sax, trumpet, trombone, and rhythm players. Enrollment may be limited, which may call for auditions in those sections having more people than needed. Students may be required to enroll concurrently in Advanced Symphonic/Marching Band, Wind Ensemble, or Concert Band, at the discretion of the instructor. This is a performance class, which follows the same basic rules as Advanced Band (see above). Music played will be accepted jazz improvisation as well as standard repertoire.

Attendance is required at all performances and extra rehearsals. This is a performance-oriented class.

**GENERAL CHORUS (S) (Y) #0660**

SCHOOL	GRADES	CREDIT
EDHS ORHS PHS UMHS	9–12	5 units per semester
<i>Meets UC Requirement: "f"</i> <i>This course may be repeated for elective credit.</i>		

This is a basic singing class. This is the only singing class open to freshmen without auditions. It is required for preparation for advanced singing courses. Basic techniques of breath control, tone production, reading music, vowel tone, and consonant articulation. Some public performance is required.

**TREBLE ENSEMBLE (S) (Y) #0661**

PREREQUISITE: One year in General Chorus (or advanced singing group at another high school) and/or consent of instructor.		
SCHOOL	GRADES	CREDIT
ORHS PHS	10–12	5 units per semester
<i>Meets UC Requirement: "f" and "g"</i> <i>This course may be repeated for elective credit.</i>		

This is an advanced two-, three-, and four-part singing course. Attendance is required at all performances. All members are automatically members of combined chorale.

**A CAPPELLA CHOIR (S) (Y) #0662**

PREREQUISITE: One year in General Chorus (or advanced singing group at another high school) with a grade B or better, and/or consent of instructor.		
SCHOOL	GRADES	CREDIT
ORHS UMHS	10–12	5 units per semester
<i>Meets UC Requirement: "f" and "g" (Note: UMHS requirement is "f" only)</i> <i>This course may be repeated for elective credit.</i>		

This course includes three- to eight-part singing a cappella as well as accompanied. Attendance is required at all performances. All members are automatically members of combined chorale.

**BARITONE CHORUS (S) (Y) #0663**

PREREQUISITE: One year in General Chorus (or advanced singing group at another high school) and/or consent of instructor.		
SCHOOL	GRADES	CREDIT
ORHS PHS	9–12	5 units per semester
<i>Meets UC Requirement: "f"</i> <i>This course may be repeated for elective credit.</i>		

This is a class in vocal performance for the baritone or changing voice. All members are automatically members of the Chorale (combined vocal classes). This is a performance course and attendance is required at all events.

**ADVANCED PLACEMENT MUSIC (Y) #0667AP**

PREREQUISITE: Consent of instructor.		
SCHOOL	GRADES	CREDIT
PHS UMHS	10–12	5 units per semester
<i>Meets UC Requirement: "f" and "g"</i>		

This is an advanced college-level music course. Music theory is the main area of concentration. This course is recommended for serious students of music who want to improve their musicianship as well as their musical knowledge.

## WORLD LANGUAGE

All world language courses are designed to help students communicate in a world language and gain knowledge of other cultures. Most of these courses prepare students to meet college entrance requirements and are academically challenging. Students are encouraged to begin their world language study early (9th or 10th grade) so that advanced study will be possible while they are still in high school.

World language is not offered at the alternative schools or during intersession.

**FRENCH 1 (Y) #0401**

PREREQUISITE: Grade C or better in English; interest in French language and culture.		
SCHOOL	GRADES	CREDIT
EDHS ORHS PHS UMHS MVHS VHS Virtual Academy	9–12	5 units per semester
<i>Meets UC Requirement: "e"</i>		

French 1 develops the four skills of communication: listening, speaking, reading

and writing, and explores cultures of the French-speaking world. Students are provided language-use activities that enable them to function in common daily setting for which they have rehearsed; understand learned words and phrases in unfamiliar texts (oral/written) and produce learned words and phrases; deal with discrete elements of life, comprehend and produce memorized material orally and in writing; and comprehend and be understood by sympathetic French speakers.

**FRENCH 2 (Y) #0402**

PREREQUISITE: Grade C or better in French 1; interest in French language and culture.		
SCHOOL	GRADES	CREDIT
EDHS ORHS PHS UMHS MVHS VHS Virtual Academy	9–12	5 units per semester
<i>Meets UC Requirement: "e"</i>		

French 2 continues to develop the four skills of communication: listening, speaking, reading and writing, and to deepen knowledge of cultures of the French-speaking world. Students are provided language-use activities that enable them to function in common daily settings for which they have rehearsed; understand learned words and phrases in unfamiliar texts (oral/written) and produce learned words and phrases; deal with discrete elements of life, comprehend and be understood by sympathetic French speakers.

**FRENCH 3 (Y) #0403**

PREREQUISITE: Grade C or better in French 2; interest in French language and culture.		
SCHOOL	GRADES	CREDIT
EDHS ORHS PHS UMHS MVHS VHS Virtual Academy	9–12	5 units per semester
<i>Meets UC Requirement: "e"</i>		

French 3 continues to develop the four skills of communication: listening, speaking, reading, and writing, and to deepen student knowledge of cultures of French-speaking world. French is the primary language of classroom communication and instruction. Students are provided language-use activities that enable them to function in most informal and some formal settings; understand the main ideas and most supporting details in concrete and factual texts (oral/writing), and produce paragraph-level discourse, simple narration, description, and explanation; deal with topics related to the external environment; comprehend and produce oral/written

paragraphs; and comprehend and be understood by sympathetic French speakers.

**FRENCH 4 (Y) #0404**

<b>PREREQUISITE:</b> Grade B or better in French 3; interest in French language and culture.		
<b>SCHOOL</b> EDHS ORHS PHS UMHS MVHS VHS Virtual Academy	<b>GRADES</b> 9–12	<b>CREDIT</b> 5 units per semester
<i>Meets UC Requirement: "e"</i>		

French 4 continues to develop the four skills of communication: listening, speaking, reading and writing, and further deepens student knowledge of cultures of the French-speaking world. Grammar from level 1 to 3 are reviewed. French is the primary language of classroom communication and instruction. Students are provided language-use activities that enable them to function in informal and most formal settings; understand the main ideas and supporting details in concrete, factual and some abstract texts (oral/written), and produce language beyond the paragraph, simple narration, description, and explanation; deal with topics related to the external environment; comprehend and produce oral/written paragraphs and essays; and comprehend and be understood by sympathetic French speakers.

**ADVANCED PLACEMENT FRENCH LANGUAGE AND CULTURE (Y) #0420AP**

<b>PREREQUISITE:</b> Grade of A in French 3 and teacher recommendation; interest in French language and culture.		
<b>SCHOOL</b> ORHS PHS UMHS	<b>GRADES</b> 11–12	<b>CREDIT</b> 5 units per semester
<i>Meets UC Requirement: "e"</i>		

Equivalent to a 3rd-year college French course in grammar, reading, composition, and conversation. Stresses speaking and listening skills, composition, and grammar. This course provides extensive preparation for the spring administration of the AP exam. This course is conducted in French.

**GERMAN 1 (Y) #0405**

<b>PREREQUISITE:</b> Grade C or better in English; interest in the Germanic language and culture, and good study habits.		
<b>SCHOOL</b> EDHS	<b>GRADES</b> 9–12	<b>CREDIT</b> 5 units per semester
<i>Meets UC Requirement: "e"</i>		

This course is an introduction to German language that includes grammatical structures and development of all four skills

of communication: listening, speaking, reading and writing. The class will use an oral and written approach to practice structural material. Students must actively participate at all times and complete daily homework assignments. Students will also explore the cultural aspects of German-speaking countries.

**GERMAN 2 (Y) #0406**

<b>PREREQUISITE:</b> Grade C or better in German 1; interest in the Germanic language and culture.		
<b>SCHOOL</b> EDHS	<b>GRADES</b> 9–12	<b>CREDIT</b> 5 units per semester
<i>Meets UC Requirement: "e"</i>		

This course is a continuation of elementary German, further developing speaking, listening, reading and writing skills through activities centered around topics like family life, school life, leisure activities, travel, geography, and festivals, that help students increase their understanding of Germanic cultures and customs.

**GERMAN 3 (Y) #0407**

<b>PREREQUISITE:</b> Grade C or better in German 2; good study habits, and teacher recommendation.		
<b>SCHOOL</b> EDHS	<b>GRADES</b> 9–12	<b>CREDIT</b> 5 units per semester
<i>Meets UC Requirement: "e"</i>		

This course is a continuation of language usage and structure study, taking students through a thorough review of all verb tenses as subjunctive mood is introduced. Students will further develop their language skills via oral and written activities. Students will study history of Germanic-speaking countries and people, and read and interpret Germanic literature.

**GERMAN 4 (Y) #0408**

<b>PREREQUISITE:</b> Grade C or better in German 3; good study habits; interest in Germanic language and culture; and teacher recommendation.		
<b>SCHOOL</b> EDHS	<b>GRADES</b> 9–12	<b>CREDIT</b> 5 units per semester
<i>Meets UC Requirement: "e"</i>		

Students receive a thorough review of language structure and refinement of all language skills through study of history, culture, current media, and contemporary language samples as well as Germanic literature. This course can be an excellent preparation for students who wish to take the Advanced Placement Examination in German.

**ITALIAN 1 (Y) #0431**

<b>PREREQUISITE:</b> Grade C or better in English; interest in Italian language and culture.		
<b>SCHOOL</b> ORHS	<b>GRADES</b> 9–12	<b>CREDIT</b> 5 units per semester
<i>Meets UC Requirement: "e"</i>		

This course offers an introduction to Italian language, which includes grammatical structures and development of all four skills of communication: listening, speaking, reading, and writing. This class will use oral/aural approach to practice structural material. Students must actively participate at all times and complete daily study/review homework assignments.

**ITALIAN 2 (Y) #0432**

<b>PREREQUISITE:</b> Grade C or better in Italian 1; interest in Italian language and culture.		
<b>SCHOOL</b> ORHS	<b>GRADES</b> 9–12	<b>CREDIT</b> 10 units per term
<i>Meets UC Requirement: "e"</i>		

This course offers a continuation of Italian I in both format and content. It involves a more advanced study of conversational material, grammar rules, their application to oral skills and proficiency, further study of customs and culture of Italy. Students are required to write sentences and paragraphs in increasing complexity.

**ITALIAN 3 (Y) #0433**

<b>PREREQUISITE:</b> Grade C or better and approval of teacher; Italian 1 and 2 or language proficiency; interest in Italian language and culture.		
<b>SCHOOL</b> ORHS	<b>GRADES</b> 10–12	<b>CREDIT</b> 5 units per semester
<i>Meets UC Requirement: "e"</i>		

Students will use Italian themes and issues to continue learning language usage, grammar, and structure. This course includes a review of previously learned Italian language grammar and in-depth instruction of verb tenses and complicated verb conjugations. This class further develops listening and speaking skills through oral improvisations and prepared speeches, as well as Italian reading and writing skills.

**ITALIAN 4 (Y) #0434**

<b>PREREQUISITE:</b> Grade C or better in Italian 3; good study habits.		
<b>SCHOOL</b> ORHS	<b>GRADES</b> 11–12	<b>CREDIT</b> 5 units per semester
<i>Meets UC Requirement: "e"</i>		

This course continues to develop the four skills of communication (listening, speaking,

reading, and writing) and to deepen knowledge of cultures of the Italian-speaking world. Grammar from level 1 to 3 is reviewed. Italian is the primary language of classroom communication and instruction. Students are provided language-use activities that enable them to (1) function in an informal and most formal settings; (2) understand the main ideas and supporting details in concrete, factual, and some abstract texts (oral/written); produce language beyond the paragraph, simple narration, description and explanation; (3) deal with topics related to the external environment; (4) comprehend and produce oral/written paragraphs and essays; and (5) comprehend and be understood by non-sympathetic natives.

**JAPANESE 1 (Y) #0425**

<b>PREREQUISITE:</b> Grade C or better in English; interest in Japanese language and culture.		
<b>SCHOOL</b> ORHS	<b>GRADES</b> 9–12	<b>CREDIT</b> 5 units per semester
<i>Meets UC Requirement: "e"</i>		

This course is an introduction to the Japanese language and will establish skills in basic speaking, listening, reading, and writing. Students learn about Japanese culture through class discussion and videotapes of current Japanese television. Communication is emphasized. Students should expect daily study/ review assignments.

**JAPANESE 2 (Y) #0426**

<b>PREREQUISITE:</b> Grade C or better in Japanese 1; interest in Japanese language and culture.		
<b>SCHOOL</b> ORHS	<b>GRADES</b> 10–12	<b>CREDIT</b> 5 units per semester
<i>Meets UC Requirement: "e"</i>		

This is a continuation of elementary Japanese. Students learn how to speak at different levels of politeness. Vocabulary is increased, and students learn more advanced conversation, letter writing, and basic calligraphy.

**JAPANESE 3 (Y) #0427**

<b>PREREQUISITE:</b> Grade C or better in Japanese 2 and approval of teacher; interest in Japanese language and culture.		
<b>SCHOOL</b> ORHS	<b>GRADES</b> 11	<b>CREDIT</b> 5 units per semester
<i>Meets UC Requirement: "e"</i>		

This course offers a refinement of skills learned, continues the study of reading and writing, and offers in-depth study of spoken Japanese found on current television programs. Added emphasis on Japanese customs and etiquette. Continued cultural study.

**JAPANESE 4 (Y) #0428**

<b>PREREQUISITE:</b> Grade C or better in Japanese 3 or approval of teacher; interest in Japanese language and culture.		
<b>SCHOOL</b> ORHS	<b>GRADES</b> 12	<b>CREDIT</b> 5 units per semester
<i>Meets UC Requirement: "e"</i>		

This course is the study of Japanese using current magazines, newspapers, and advertising. Expansion of reading kanji. Students will have the opportunity to work on projects of their choice in some aspect of the Japanese language.

**SPANISH FOR HERITAGE LEARNERS (Y) #0436**

<b>PREREQUISITE:</b> Teacher or counselor approval		
<b>SCHOOL</b> EDHS ORHS PHS UMHS Virtual Academy MVHS VHS	<b>GRADES</b> 9–12	<b>CREDIT</b> 5 units per semester
<i>Meets UC Requirement: "e"</i>		

This course directs itself to a Heritage Learner- a student who speaks and understands Spanish in the home with some fluency, and has some degree of skills in reading and writing Spanish. The student may experience problems with spelling, reading and writing work (such as written accents, common spelling and grammatical tendencies of Heritage Learners.) The course explores the Heritage Learner's first language of Spanish, and the cultural experiences brought to the classroom. It also explores the culture, history and heritage of the principal groups of Hispanics in the United States and of the twenty-one Spanish-speaking countries.

**SPANISH 1 (Y) #0411**

<b>PREREQUISITE:</b> Grade C or better in English; an interest in the Spanish language and culture.		
<b>SCHOOL</b> EDHS ORHS PHS UMHS Virtual Academy	<b>GRADES</b> 9–12	<b>CREDIT</b> 5 units per semester
<i>Meets UC Requirement: "e"</i>		

Spanish 1 develops the four skills of communication: listening, speaking, reading and writing, and explores cultures of the Spanish-speaking world. Students are provided language-use activities that enable them to function in common daily

settings for which they have rehearsed; understand learned words and phrases in unfamiliar texts (oral/written) and produce learned words and phrases; deal with discrete elements of life, comprehend and produce memorized material orally and in writing; and comprehend and be understood by sympathetic Spanish speakers.

**SPANISH 2 (Y) #0412**

<b>PREREQUISITE:</b> Grade C or better in Spanish 1; good study habits.		
<b>SCHOOL</b> EDHS ORHS PHS UMHS Virtual Academy	<b>GRADES</b> 9–12	<b>CREDIT</b> 5 units per semester
<i>Meets UC Requirement: "e"</i>		

Spanish 2 continues to develop the four skills of communication: listening, speaking, reading and writing, and to deepen student knowledge of cultures of the Spanish-speaking world. Students are provided language-use activities that enable them to function in common daily settings for which they have rehearsed; understand learned words and phrases in unfamiliar texts (oral/written) and produce learned words and phrases; deal with discrete elements of life, comprehend and produce memorized materials orally and in writing; and comprehend and be understood by sympathetic Spanish speakers.

**SPANISH 3 (Y) #0413**

<b>PREREQUISITE:</b> Grade C or better in Spanish 2; good study habits.		
<b>SCHOOL</b> EDHS ORHS PHS UMHS Virtual Academy	<b>GRADES</b> 9–12	<b>CREDIT</b> 5 units per semester
<i>Meets UC Requirement: "e"</i>		

Spanish 3 continues to develop the four skills of communication: listening, speaking, reading, and writing, and to deepen student knowledge of cultures of the Spanish speaking world. Spanish is the primary language of classroom communication and instruction. Students are provided language-use activities that enable them to function in most information and some formal settings; understand the main ideas and most supporting details in concrete and factual texts (oral/written), and produce paragraph-level discourse, simple narration, description, and explanation; deal with topics related to the external environment; comprehend and produce oral/written paragraphs; and comprehend and be understood by sympathetic Spanish speakers.

**SPANISH 4 (Y) #0414**

<b>PREREQUISITE:</b> Grade C or better in Spanish 3; teacher recommendation; an interest in the Spanish language and culture.		
<b>SCHOOL</b> EDHS ORHS PHS UMHS	<b>GRADES</b> 9–12	<b>CREDIT</b> 5 units per semester
<i>Meets UC Requirement: "e"</i>		

Spanish 4 continues to develop the four skills of communication: listening, speaking, reading, and writing, and further deepens student knowledge of cultures of the Spanish-speaking world. Grammar from levels 1 to 3 is reviewed. Spanish is the primary language of classroom communication and instruction. Students are provided language-use activities that enable them to function in informal and most formal settings; understand the main ideas and supporting details in concrete, factual, and some abstract texts (oral/written), and produce language beyond the paragraph, simple narration, description, and explanation; deal with topics related to the external environment; comprehend and produce oral/written paragraphs and essays; and comprehend and be understood by sympathetic Spanish speakers.

**ADVANCED PLACEMENT SPANISH LANGUAGE (Y) #0410AP**

<b>PREREQUISITE:</b> Grade B or better in Spanish 3 or Spanish 4; teacher recommendation; an interest in the Spanish language and culture.		
<b>SCHOOL</b> EDHS ORHS PHS UMHS Virtual Academy	<b>GRADES</b> 11–12  10–12	<b>CREDIT</b> 5 units per semester
<i>Meets UC Requirement: "e"</i>		

This course is equivalent to a 3rd year college course in Spanish composition and conversation, taught exclusively in the target language with no English. The course also stresses oral skills, composition, and grammar. Students are trained in organizing and writing compositions. The reading of a variety of Spanish literature is required. A College Board Examination that measures achievement in this course is administered in the spring by which a student may receive college credit, depending upon college entrance policies.

**ADVANCED PLACEMENT SPANISH LITERATURE (Y) #0417AP**

<b>PREREQUISITE:</b> Completion of AP Spanish Language and an interest in the Spanish language and culture.		
<b>SCHOOL</b> PHS	<b>GRADES</b> 12	<b>CREDIT</b> 5 units per semester
<i>Meets UC Requirement: "e" and "g"</i>		

The Advanced Placement program in Spanish Literature consists of a course designed to provide well-motivated students with an intellectual challenge through the advanced study of Hispanic literature. A College Board Examination that measures achievement in this course is administered in the spring by which a student may receive college credit. As with other electives, this course will only be offered if enough student requests for the course are received.

## CAREER TECHNICAL EDUCATION (CTE)

**Note:** Students may select from any of the CTE classes below to meet the high school graduation requirement of 1 year of CTE, world language or VAPA courses.

### AGRICULTURE AND NATURAL RESOURCES

**AGRICULTURE LEADERSHIP (Y) #0708**

<b>PREREQUISITE:</b> Completion of Agriculture Science with a grade C or better.		
<b>SCHOOL</b> PHS	<b>GRADES</b> 10–12	<b>CREDIT</b> 5 units per semester

This elective course is designed to improve the leadership skills of students interested in agricultural occupations. In addition to exploring different leadership styles, this course will improve students' skills in the areas of Goal-setting, Organization, Communication, Time and Resource Management, Public Speaking, Career Development, and Conflict Resolution. This course will combine the areas of classroom, FFA, and supervised occupational experience programs for the complete education of future leaders in agriculture.

**AGRICULTURE BIOLOGY (Y) #0706**

<b>PREREQUISITE:</b> Completion of Agriculture Science.		
<b>SCHOOL</b> PHS	<b>GRADES</b> 10–12	<b>CREDIT</b> 5 units per semester
<i>Meets UC Requirement: "d"</i>		

Agricultural Biology is a 1-year, laboratory science course designed for the student with career interests in agriculture. Using agriculture as the learning vehicle, the course emphasizes the principles, central concepts, and inter-relationships among the following topics: molecular and cellular aspects of life, chemical and structural basis of life, energetics of life, growth and reproduction in animals, evolution of modern plants and livestock species, plant and animal genetics, taxonomy of modern agricultural plants and animals, animal behavior, ecological relationships among plants, animals, humans and the

environment, nutrition in animals, health and diseases in animals, and similarities between animals and humans.

The course is centered on an extensive laboratory component in order to connect the big ideas of life science with agricultural applications and other curricular areas, including written and oral reporting and leadership.

**AGRICULTURE SCIENCE I (Y) #0704**

<b>PREREQUISITE:</b> Interest in Agriculture.		
<b>SCHOOL</b> PHS	<b>GRADES</b> 9–12	<b>CREDIT</b> 5 units per semester

This course is available to all students who have never taken a vocational agriculture class. It is the first year of a 2-year core program followed by Agriculture Biology. The course introduces students to the basic elements of plant science, animal science, agriculture business, California agriculture, leadership, and the FFA (Future Farmers of America). Students will have the opportunity to gain field experience through the development of a supervised occupational experience. As a vehicle for developing leadership skills students will be exposed to the FFA and its many opportunities.

**AGRICULTURAL MECHANICS TECHNOLOGY (Y) #0700**

<b>PREREQUISITE:</b> None		
<b>SCHOOL</b> PHS	<b>GRADES</b> 10–12	<b>CREDIT</b> 5 units per semester

This course will offer students, who have a career interest in the field of agriculture, the opportunity to advance their skills in the area of agricultural mechanics. Students will learn, understand and employ basic skills in the area of woodworking, electrical systems, plumbing, cold metal processes, concrete, welding technology, and small engines. Application of current safety standards and procedures will be a component of each study unit. Additional areas of study will include career planning and leadership development through participation in FFA. The maintenance of a Supervised Agricultural Experience (SAE) project to develop hands-on skills outside of class will be an integral part of the course.

**ADVANCED AGRICULTURAL MECHANICS TECHNOLOGY (Y) #0725**

<b>PREREQUISITE:</b> Agricultural Mechanics Technology, Instructor Permission		
<b>SCHOOL</b> PHS	<b>GRADES</b> 10–12	<b>CREDIT</b> 5 units per semester

Advanced Agricultural Mechanics Technology is an extension of and builds upon skills and knowledge learned in Agricultural Mechanics Technology. This course will offer Sophomores, Juniors and Seniors the opportunity to further advance their skill prophecies in the areas of woodworking, metalworking, project planning, tool fitting, electricity and

electronics, plumbing, cold metal processes, concrete, welding technology, hydraulic and pneumatic systems and basic construction techniques. Comprehensive understanding and application of current safety standards and procedures will be a component of each study unit. Career planning and leadership development through participation in FFA and the maintenance of a Supervised Agricultural Experience (SAE) project will be an integral part of the course.

**AGRICULTURE BUSINESS AND ECONOMICS (Y) #0701**

<b>PREREQUISITE:</b> Completion of Agriculture Biology or teacher approval.		
<b>SCHOOL</b> PHS	<b>GRADES</b> 11–12	<b>CREDIT</b> 5 units per semester
<i>Meets UC Requirement: "g"</i>		

This course is designed for students interested in pursuing advanced studies in the field of agriculture. Students will understand and employ basic economic principles as they relate to agriculture business management, production agriculture, and individual consumers. The course will include study of basic economic concepts, vocabulary, the development and operation of the U.S. market economy from both the macroeconomic and microeconomic context, as well as comparative economic systems and the global market economy. Students will be required to develop a "business" to include product management, packaging, price determination, and marketing. Students will keep accounting-based records of expenses, receipts, and profit/losses. At the conclusion of the course, profits will be split equally amongst the partners. The course will also include development of the skills necessary for the preparation of resumes, job applications, interview skills, and college and scholarship applications.

**ORNAMENTAL HORTICULTURE (Y) #0707**

<b>PREREQUISITE:</b> Completion of Agriculture Science, or teacher approval.		
<b>SCHOOL</b> PHS	<b>GRADES</b> 11–12	<b>CREDIT</b> 5 units per semester

This course is offered to students with a desire to learn about the science and skills involved in producing, managing, and selling ornamental crops. Students will be involved in propagation methods in reproducing plants, landscaping, plant nutrition, marketing, and careers involved in the industry of Ornamental Horticulture. FFA and supervised Occupational Experience Program projects are an integral part of this course articulated with Folsom Lake College for Viticulture certificate program.

**FLORAL DESIGN (Y) #0703**

<b>PREREQUISITE:</b> Agriculture Science.		
<b>SCHOOL</b> PHS	<b>GRADES</b> 11–12	<b>CREDIT</b> 5 units per semester
<i>Meets UC Requirement: "f"</i>		

This course is designed to teach students the theories and principles of artistic design. The students will apply an artistic approach to floral design while exploring and acquiring practical skills. Students will perform 2- and 3-dimensional designs, understand the history of floral art, develop arrangement styles and techniques, and design seasonal and holiday designs. Students will achieve this through using balance, symmetry, harmony, unity, and texture throughout the course. The curriculum will include problem solving, creative thinking, and written and verbal communication skills. This college-prep course will meet the VAPA requirement for high school graduations.

*Note: Students who successfully complete the yearlong course of study will receive Visual/Performing Arts credit.*

**CALIFORNIA NATURAL RESOURCES 1 (Y) #0336**

<b>PREREQUISITE:</b> Biology, Chemistry, and Geometry.		
<b>SCHOOL</b> EDHS	<b>GRADES</b> 11	<b>CREDIT</b> 5 units per semester
<i>Meets UC Requirement: "g"</i>		

This course is the first CTE course in the Natural Resources program at EDHS. During the year, students will investigate local ecosystems and the environmental issues associated with these areas. Students will complete field studies to help relate cause and effect patterns within the environment. Community service will be an ongoing part of this program.

**CALIFORNIA NATURAL RESOURCES 2 (Y) #0337**

<b>PREREQUISITE:</b> Passing grade of C or better in NR Biology, AP or Non AP Environmental Science (or concurrent enrollment), geometry, and California Natural Resources 1.		
<b>SCHOOL</b> EDHS	<b>GRADES</b> 12	<b>CREDIT</b> 5 units per semester
<i>Meets UC Requirement: "a -g" requirements</i>		

This course is the second and final science-based CTE course in the Natural Resources program at EDHS. During the year, students will focus on independent projects, develop project management skills, and manage an independent or small group project to develop leadership skills, inquiry skills, goal setting, time management, and communication skills. Students will continue to complete field studies to help relate cause and effect patterns within the environment.

Community service and a senior project are a required part of this program.

**ANIMAL SCIENCE (Y) #0724**

<b>PREREQUISITE:</b> Completion of Agriculture Science, or teacher approval.		
<b>SCHOOL</b> PHS	<b>GRADES</b> 11–12	<b>CREDIT</b> 5 units per semester
<i>Meets UC Requirement: Pending</i>		

This course will expand on Animal Science knowledge that was learned in Agriculture Science. Students will learn scientific concepts related to animals and apply these in hands-on situations. The FFA leadership organization and Supervised Agricultural Experience Projects are an integral part of this class.

**ROP ANIMAL HEALTH (Y) #0965**

<b>PREREQUISITE:</b> Biology.	
<b>SCHOOL</b> PHS*	<b>CREDIT</b> 360 hours, 20 units
2 Hours per Day	

The intent of this yearlong course is to prepare high school students to work in the Animal Health industry. The course focuses on livestock and small animals. Upon completion of this course, students will have knowledge and hands-on experience in the areas of specific animal species, health and diseases, animal behavior, livestock and small animal procedures, and veterinary assistance.

Students work in community classrooms related to the Animal Health industry. Example community classrooms may include veterinary clinics, pet groomers, retail animal health businesses, horse facilities, ranches, and zoos. Students will meet once per week in the classroom and then be in community classrooms for the remainder of their hours. Field trips and guest speakers will enhance instruction. The course also includes instruction in the FFA leadership organization, careers, and supervised occupational and agricultural experience projects, and job readiness.

*\* ROP classes are available to all district students. Students are responsible for their own transportation to classes.*

**ARTS, MEDIA, AND ENTERTAINMENT**

**INTRO TO TELEVISION PRODUCTION (Y) #0487**

<b>PREREQUISITE:</b> Grade C or better in ICT Foundations and Grade B or better in English or recommendation from the most recent English teacher.		
<b>SCHOOL</b> ORHS UMHS	<b>GRADES</b> 9–12	<b>CREDIT</b> 5 units per semester

This course provides an introduction to the field of television production. Students will

be introduced to analog and digital video cameras and digital still cameras, techniques for editing video on linear and nonlinear tape editors and on the computer, and how to create a daily news broadcast for the school. Students will learn how to create basic graphics and animation for video using various computer concepts and applications. Further, students will explore career options in the field of broadcast news. Students will be required to create a portfolio of their work for prospective employers.

**VIDEO PRODUCTION (Y) #0489**

<b>PREREQUISITE:</b> Grade C or better in ICT Foundations, a grade B or better in English, and successful completion of Introduction to Television Production.		
<b>SCHOOL</b> UMHS	<b>GRADES</b> 10–12	<b>CREDIT</b> 5 units per semester

This course will use various computer technology concepts and applications to apply the skills of pre-production through post-production, including development of treatments, storyboarding, script writing, filming, and editing to the production of projects, programs, and broadcasts in the DB-TV Studio. Students will learn to work in production teams as directors, on-air talent, audio engineers, switchers, graphics technicians, etc., as they produce longer quality feature programs for the school network, and, potentially, for community cable broadcasts. The class will also offer opportunities to visit area television studios and to participate in summer training at UCLA.

**WEB PAGE AUTHORIZING AND CREATION (Y) #0468**

<b>PREREQUISITE:</b> Grade B or better in ICT Foundations, or teacher approval.		
<b>SCHOOL</b> EDHS ORHS UMHS	<b>GRADES</b> 10–12 10–12 9–12	<b>CREDIT</b> 5 units per semester

This course provides a comprehensive introduction to the essentials of web design, from planning page layouts to publishing a complete site to the web. Through real-world projects and engaging activities, participants learn fundamental design concepts and hands-on techniques for creating compelling, easy-to-use web pages. Using Dreamweaver, participants learn how to combine their graphic design skills with the technical knowledge needed to build and publish websites with ease.

**DESKTOP PUBLISHING (Y); UMHS—(S) #0469**

<b>PREREQUISITE:</b> Grade C or better in ICT Foundations, or teacher recommendation.		
<b>SCHOOL</b> UMHS	<b>GRADES</b> 9–12	<b>CREDIT</b> 5 units per semester

This course takes students beyond the fundamentals of desktop publishing

introduced in previous computer technology courses. Students will work with a variety of desktop publishing applications and learn how to create professional quality print and web ready publications for business and the consumer.

Emphasis will also be placed on exploring desktop publishing certification, career opportunities, and creating the Yearbook.

**DIGITAL IMAGING PHS—(Y); UMHS—(S) #0635**

<b>PREREQUISITE:</b> Art 1, ICT Foundations.		
<b>SCHOOL</b> ORHS PHS UMHS IHS	<b>GRADES</b> 10–12	<b>CREDIT</b> 5 units per semester

This is an elective school-to-career course for the digital artist. Students will master computer graphics applications as Adobe Photoshop and Adobe Illustrator to manipulate artistic contents. Students will learn to operate peripheral devices, such as scanners, digital cameras, and graphic slates. Student products will have a foundation in the elements and principals of design. Copyright law is a critical component of this course.

**BUILDING AND CONSTRUCTION TRADES**

**WOODWORKING AND CARPENTRY (Y) #0520**

<b>SCHOOL</b> EDHS UMHS	<b>GRADES</b> 9–12	<b>CREDIT</b> 5 units per semester
-------------------------------	-----------------------	---------------------------------------

Basic techniques in basic construction, cabinet making, furniture construction, upholstery, woodworking, wood finishing, and wood turning. Students develop accuracy, judgment, and craftsmanship, and participate in creative project activities. The correct and safe uses of tools, machines, materials, and processes are emphasized. Second semester offers techniques in finish carpentry, wood finishing related to these areas and wood turning. The student will use tools, machines, and techniques related to the light construction industry. Accuracy, neatness, and sound work habits and safe work practices are stressed.

**FINISH CARPENTRY (Y) #0528**

<b>PREREQUISITE:</b> Woodworking and Carpentry or Engineering Design I.		
<b>SCHOOL</b> PHS UMHS	<b>GRADES</b> 10–12	<b>CREDIT</b> 5 units per semester

This course will enhance the student's ability to use the tools of the construction trades while gaining the confidence to work safely. The student will learn advanced techniques and applications of the use of tools and equipment in the construction of

those elements that make up the job of a finished cabinetmaker and carpenter. Second semester offers techniques in finish carpentry, wood finishing related to these areas, and wood turning. The student will use tools, machines and techniques related to the light construction industry. Accuracy, neatness, sound work habits, and safe work practices are stressed.

**EDUCATION, CHILD DEVELOPMENT, AND FAMILY SERVICES**

**CHILD DEVELOPMENT (Y) #0581**

<b>PREREQUISITE:</b> Student interest.		
<b>SCHOOL</b> ORHS PHS UMHS	<b>GRADES</b> 10–12	<b>CREDIT</b> 5 units per semester

This course will prepare individuals to understand the physical, mental, emotional, and social growth and development of children, as well as their care and guidance as it pertains to careers and future parenting.

**TEACHING AND LEARNING (Y) #0585**

<b>PREREQUISITE:</b> Students must complete an application process.		
<b>SCHOOL</b> PHS UMHS	<b>GRADES</b> 11–12 10–12	<b>CREDIT</b> 5 units per semester

The Future Teachers of America program is an innovative approach designed to attract young people to the teaching profession through a challenging introduction to teaching. The program seeks to (1) provide high school students insight into the nature of teaching, (2) a chance to work in the classroom as well as teach, and (3) gain insight into critical issues impacting the quality of education in America's schools.

**ENGINEERING AND ARCHITECTURE**

**ARCHITECTURAL DESIGN AND GRAPHICS (Y) #0512**

<b>PREREQUISITE:</b> Engineering Design and Architecture 1or Art 1.		
<b>SCHOOL</b> EDHS ORHS UMHS	<b>GRADES</b> 10–12	<b>CREDIT</b> 5 units per semester
<i>Meets CSU and UC Requirement: "F"</i>		

Architectural Design and Graphics is an advanced course in which the student will develop a portfolio showcasing projects completed in the areas of sketching, architectural history, structural graphics, architectural design, and presentation. Use and under-standing of the computer as a design tool shall also be stressed. At Oak Ridge, landscape design will be stressed.

**INTRODUCTION TO ENGINEERING DESIGN (Y) #0535**

<b>PREREQUISITE:</b> None.		
<b>SCHOOL</b> UMHS	<b>GRADES</b> 9–12	<b>CREDIT</b> 5 units per semester
<i>Meets UC Requirement: "g" and CTE</i>		

This is an introductory course in which students develop problem-solving skills, with emphasis placed on 3-dimensional solid models. Students will work from sketching simple geometric shapes to applying a solid modeling computer software package. They will learn a problem-solving design process and how it is used in industry to manufacture a product. Computer Aided Design (CAD) will also be used to analyze and evaluate the product design.

**ENGINEERING DESIGN AND ARCHITECTURE I (Y) #0517**

<b>PREREQUISITE:</b> None.		
<b>SCHOOL</b> EDHS ORHS UMHS IHS Virtual Academy	<b>GRADES</b> 9–12	<b>CREDIT</b> 5 units per semester

This is a 1-year course for students with little or no drafting background. This course is recommended as a prerequisite for all engineering, construction, and manufacturing classes. Basic skills of sketching, board drawing, and computer operations are emphasized.

**ENGINEERING DESIGN AND ARCHITECTURE II (Y) #0518**

<b>PREREQUISITE:</b> Engineering Design and Architecture I		
<b>SCHOOL</b> EDHS ORHS UMHS IHS	<b>GRADES</b> 10–12	<b>CREDIT</b> 5 units per semester

This is a 1-year course for students who wish to continue learning about engineering design. Students will use the principles learned in Engineering I, understand how basic machines work, and to apply these mechanical devices to design features to solve engineering problems. Problem solving techniques will also be applied to architectural problems. All work will be assembled into the student's portfolio.

**MANUFACTURING AND ENGINEERING TECHNOLOGY (Y) #0516**

<b>PREREQUISITE:</b> None.		
<b>SCHOOL</b> ORHS	<b>GRADES</b> 9–12	<b>CREDIT</b> 5 units per semester

This course represents a contextualized, laboratory-based, integrated curriculum opportunity for students to learn about drafting and design, machining and forming, welding and materials joining, and product

innovation and design. Students will develop critical thinking skills through a variety of multimodal, problem-solving techniques. Students will gain hands-on skills in basic machine shop practices, measurement systems, shop safety practices, drilling machines, grinding machines, and milling machines. The integrated content focuses on competence in an age of rapidly advancing technology; and providing students with the basis for making a wise academic and career choice.

**ROP ARCHITECTURAL CAD (Y) #0960L1**

1 Hour or 2 Hours per Day	
<b>SCHOOL</b> ORHS*	<b>CREDIT</b> 180 credits, 10 units (1 hr/day) 360 hours, 20 units (2 hrs/day)
<i>This course may be repeated for elective credit.</i>	

This course is designed to build drafting skills and serve as a foundation for drafters and pre-engineering students. Advanced Drafting includes descriptive geometry, sheet metal developments, working drawings, architectural (house) design, and construction drawings. An introduction to CAD will include basic Auto CAD commands, mechanical and architectural applications, and plotting.

\* ROP classes are available to all district students. Students are responsible for their own transportation to classes.

**FASHION AND INTERIOR DESIGN**

**FASHION APPAREL AND TEXTILES (Y) #0561**

<b>PREREQUISITE:</b> Student interest.		
<b>SCHOOL</b> PHS UMHS	<b>GRADES</b> 9–12	<b>CREDIT</b> 5 units per semester
<i>This course may be repeated for elective credit.</i>		

This course emphasizes factors affecting clothing choices and decisions, and teaches students to be better consumers of ready-to-wear apparel. Construction techniques are practiced in a laboratory environment. Career options in this field will also be studied.

**HOUSING AND INTERIOR DESIGN (Y) #0554**

<b>PREREQUISITE:</b> Student interest.		
<b>SCHOOL</b> PHS	<b>GRADES</b> 11–12	<b>CREDIT</b> 5 units per semester

This course will emphasize housing options and alternatives, the various components involved in interior design, such as the elements and principles of design, furniture styles, floor plans, and arrangement of furniture. Career options in this field will also be covered.

**ROP COSMETOLOGY (Y) #0927**

M–F High School Students: 5 Hours per Day	
<b>SCHOOL</b> Virtual Academy*	<b>CREDIT</b> 1,600 hours, 15 units per semester

Enter the exciting career of cosmetology and become a hairstylist, platform artist, salon owner, or one of many numerous opportunities available as a licensed cosmetologist. In 1,600 hours (approximately 58 weeks), students learn all of the things necessary to take the California State Board Examination course of study: cutting, setting, coloring, permanent waving, and chemical relaxing of hair; artificial nails, manicuring, and pedicuring; and facials and makeup. Available to men and women at least 16 years of age who have completed 10th grade.

\* ROP classes are available to all district students. Students are responsible for their own transportation to classes.

**HEALTH SCIENCE AND MEDICAL TECHNOLOGY**

**MEDICAL ARTS AND SCIENCE I (Y) #0281**

<b>PREREQUISITE:</b> 9th grade Health and enrollment in Health Academy.		
<b>SCHOOL</b> EDHS	<b>GRADES</b> 10–12	<b>CREDIT</b> 5 units per semester

This 1-year course will contain content-specific information and skill-building standards which focus on health-related careers. Specific studies will include the history of the health care industry, knowledge concerning the function of human body systems, knowledge of medical care service systems, and introduction to the standards for learning basic health care skills. Semester 2 will focus on local health career opportunities, health care systems in America, personal application to health careers, and community service participation.

**MEDICAL ARTS AND SCIENCE II (Y) #0284**

<b>PREREQUISITE:</b> Medical Arts and Science I, concurrent enrollment in Algebra 2 or higher, and Chemistry A.		
<b>SCHOOL</b> EDHS	<b>GRADES</b> 11–12	<b>CREDIT</b> 5 units per semester
<i>Meets UC Requirement: "d"</i>		

This 1-year advanced health course will be taught in two integrated semesters. Each semester contains information with specific content and skills building. Semester I will focus on basic health history, knowledge and facts of the human body, systems of medical care, and introductions to health careers. Semester II will focus on health career opportunities, health care systems in America, personal application to health

careers, and community service participation.

**ROP HEALTH CAREERS (Y) #0944**

2 Hours per Day / M–F	
<b>SCHOOL</b> EDHS*	<b>CREDIT</b> 360 hours, 20 units

This two-semester course provides students with the basic knowledge and skills necessary to obtain entry-level employment or decide on a specific focus for further vocational training in a variety of health settings.

After spending the first 18 weeks in the class-room learning how to work in a patient care setting and studying medical terminology, vital signs, CPR, and basic anatomy/physiology, the student is then placed in one of the many health care training sites.

Students have the opportunity of firsthand experience in as many as three different settings, allowing them to pursue a specific area in higher education and/or gain employment upon completion of the course.

\* ROP classes are available to all district students. Students are responsible for their own transportation to classes

**ROP DENTAL CAREERS (Y) #0928**

3 Hours per Day / M–F	
<b>SCHOOL</b> Virtual Academy *	<b>CREDIT</b> 540 hours, 30 units

This 2-semester course provides students with basic knowledge of the duties of a dental assistant. After classroom instruction, students receive in-service training in a local dental office where they observe and perform dental procedures. This community class training consists of approximately 220 hours. After placement, students will follow a training plan for their assigned dental facility 12 hours per week and will report for classroom instruction 1 day per week.

\* ROP classes are available to all district students. Students are responsible for their own transportation to classes

**HOSPITALITY, TOURISM AND RECREATION**

**FOODS AND NUTRITION (Y) #0553**

<b>PREREQUISITE:</b> Student interest.		
<b>SCHOOL</b> EDHS ORHS PHS UMHS	<b>GRADES</b> 10–12 10–12 9–12 9–12	<b>CREDIT</b> 5 units per semester

This course covers the relationship of nutrition to health and well-being; the selection, preparation and care of food, meal management and optimal use of food

dollars. In addition, the course demonstrates competencies needed for planning, preparing and serving food attractively and nutritiously within a given time schedule. At ORHS, cooking lab is limited to once per week.

**CULINARY II (Y) #0556**

<b>PREREQUISITE:</b> Foods and Nutrition with a grade C or better and teacher approval.		
<b>SCHOOL</b> EDHS ORHS PHS UMHS	<b>GRADES</b> 11–12 11–12 11–12 10–12	<b>CREDIT</b> 5 units per semester

This course builds on those units and skills learned in the Foods and Nutrition class. It covers selection, preparation, and care of food in meal management, as well as budgeting. Students prepare and serve meals to staff and/or students during the second semester. In addition, students study and prepare foods from geographic regions in the United States and/or foods of other cultures. Career options and speakers are emphasized in this course.

**HOSPITALITY AND TOURISM (Y) #0568**

<b>PREREQUISITE:</b> Interest in area.		
<b>SCHOOL</b> PHS	<b>GRADES</b> 10–12	<b>CREDIT</b> 5 units per semester

Interested in one of the hottest growing industries? The hospitality, tourism, and recreation pathway integrates various facets of the hospitality industry: lodging, travel, and tourism; event planning; theme parks, attraction, and exhibitions; and recreation.

Students engaged in this pathway have broad experiences related to the specific industry segments, including industry awareness; organizational management; customer service; sales and marketing; facilities management; lodging; travel destinations; and reservations, ticketing, and itineraries.

**ROP CULINARY ARTS (Y) #0961**

3 Hours, 20 minutes per Day / 3 Days per Week / M, T, Th or M, W, F	
<b>SCHOOL</b> EDHS*	<b>CREDIT</b> 360 hours, 20 units

This competency-based course prepares students for entry-level positions in the restaurant/ food service industry. Included are core content standards, such as sanitation, food service operations, nutrition, food preparation, and presentation. Integrated throughout the course are career preparation standards, such as basic academic skills, communication, inter- personal skills, problem solving, safety, technology, and other employment skills.

\* ROP classes are available to all district students. Students are responsible for their own transportation to classes

**INFORMATION AND COMMUNICATION TECHNOLOGIES**

**ICT DIGITAL MEDIA (Y) #0453**

<b>PREREQUISITE:</b> ICT Foundations with a grade C or better.		
<b>SCHOOL</b> PHS UMHS IHS Virtual Academy	<b>GRADES</b> 9–12	<b>CREDIT</b> 5 units per semester

Information and Communication Technology (ICT) Digital Media is designed for college-bound students who have already mastered the skills taught in the Foundations course and are interested in a career that requires a working knowledge of effective technology, or are ready to join the workforce. Students are provided with the skills necessary to read, write, and compute as they carry out instruction. Listening and oral communication skills are emphasized as students interact with other members of a team. A cornerstone of this class includes accepting job responsibilities and applying the ability to know how to learn and be willing to learn to keep competitive in our ever-changing digital world, along with the teamwork necessary to complete a task and enhance presentations with technical, graphic, and design skills. The focus of this course is the graphic design skills, along with technical and business principles, that students will gain as they select a product for their business to effectively promote.

**ADVANCED PLACEMENT COMPUTER SCIENCE A (Y) #0243AP**

<b>PREREQUISITE:</b> Grade B or better in Algebra 2 or Advanced Algebra 2, or teacher recommendation.		
<b>SCHOOL</b> ORHS	<b>GRADES</b> 11–12	<b>CREDIT</b> 5 units per semester
<i>Meets UC Requirement: "g"</i>		

This course includes all the topics of Advanced Placement Computer Science A emphasizing object-oriented programming methodology with a concentration on problem solving and algorithm development. It also includes the study of data structures, design, and abstraction. The course is designed for students with no prior computing experience and is meant to be the equivalent of a first-semester college-level course in Computer Science

**ROP ADVANCED PLACEMENT  
COMPUTER SCIENCE A (Y) #0208 AP**

<b>PREREQUISITE:</b> Grade B or better in Algebra 2 or Advanced Algebra 2, or teacher recommendation.		
<b>SCHOOL</b> Virtual Academy*	<b>GRADES</b> 11–12	<b>CREDIT</b> 5 units per semester
<i>Meets UC Requirement: "g"</i>		

This course includes all the topics of Advanced Placement Computer Science A emphasizing object-oriented programming methodology with a concentration on problem solving and algorithm development. It also includes the study of data structures, design, and abstraction. The course is designed for students with no prior computing experience and is meant to be the equivalent of a first-semester college-level course in Computer Science

\* ROP classes are available to all district students. Students are responsible for their own transportation to classes

**DATABASE DESIGN AND  
SQL PROGRAMMING (Y) #0454**

<b>PREREQUISITE:</b>		
<b>SCHOOL</b> EDHS, ORHS, PHS, UMHS	<b>GRADES</b> 11–12	<b>CREDIT</b> 5 units per semester
<i>Meets UC Requirement: "g"</i>		

This two-part course is designed to meet the needs of college-bound students who would like to experience college-level database design and Structured Query Language (SQL) programming. In Part 1, database design curriculum, students learn to analyze complex business scenarios and create a data model, a conceptual representation of an organization's information. In Part 2, database programming curriculum, students implement their database design by creating a physical database using the industry-standard SQL. Upon completion of this course, students have the opportunity to take an exam to earn industry certification: Oracle Database SQL Certified Expert.

**MANUFACTURING AND  
PRODUCT DEVELOPMENT**

**METALS (Y) #0530**

<b>SCHOOL</b> EDHS	<b>GRADES</b> 9–12	<b>CREDIT</b> 5 units per semester
-----------------------	-----------------------	---------------------------------------

This program is designed to provide the student with vocational experiences associated with the general metals area of sheet metal and bench metal, welding, foundry, forging, and machine tools. The student will explore the modern concepts and trends affecting the metalworking

industry. It also looks into the social, economic, and ecological impact technology has had on our society. This program also provides the student an opportunity to develop competencies in metal fabrication and machine tool operation.

**ROP METAL FABRICATION/  
WELDING (S) (Y) #0932**

2 Hours per Day / M–F	
<b>SCHOOL</b> EDHS*	<b>CREDIT</b> 360 hours, 20 units

This 2-semester Metal Fabrication/Welding course is designed to provide the student with entry-level skills in the metal working trades with special emphasis on welding. Metal fabrication tools and practices are also taught which provide competencies common to the machine tool, plant maintenance, heavy construction, millwright, and industrial service trades. Students are generally expected to enter the class with some background, such as a high school general metal course, although students may enter without any formal background training with the instructor's permission. Some students may opt to continue with enrolling in a third or fourth semester.

\* ROP classes are available to all district students. Students are responsible for their own transportation to classes.

**MARKETING, SALES AND  
SERVICE**

**ICT ENTREPRENEUR (Y) #0452**

<b>PREREQUISITE:</b> ICT Foundations.		
<b>SCHOOL</b> ORHS	<b>GRADES</b> 9–12	<b>CREDIT</b> 5 units per semester

Information and Communication Technology (ICT) Entrepreneur is designed to give students a broad base of knowledge that include the legal, managerial, financial, ethical, and industry-standard supported technology to make appropriate business decisions.

**ROP MARKETING SKILLS  
LEVEL I (Y) #0934L1**

2 Hours per Day	
<b>SCHOOL</b> ORHS* PHS*	<b>CREDIT</b> 360 hours, 20 units

This course provides students with the opportunity to develop business skills. After the initial classroom orientation period, students will combine weekly classroom instruction with hands-on experience in the community class-room by training with private or public employers. Traditional classroom instruction will cover the fundamentals of marketing that include product, price, promotion, and distribution decisions aimed at meeting the needs of a

target market. This instruction will be supplemented with field trips to various business facilities. Industry specific training in the community classroom is available in one of the following areas: retailing, distribution/logistics, or food services. For students who are currently employed in one of these fields, the ROP Cooperative option is available.

This 9-month course integrates math, English, and business writing skills to better prepare students for successful employment in the field of marketing. The development of leadership and employability skills are emphasized throughout the course. Students may also enroll mid-year at the semester break.

\* ROP classes are available to all district students. Students are responsible for their own transportation to classes.

**ROP MARKETING SKILLS  
LEVEL II (S) (Y) #0934L2**

<b>PREREQUISITE:</b> Successful completion of 2 semesters of first-year ROP Marketing Occupations and prior instructor approval.	
2 Hours per Day	
<b>SCHOOL</b> ORHS* PHS*	<b>CREDIT</b> 180/360 hours, 10 units per semester

In this 1- or 2-semester course, the student will apply the basic principles of marketing to case studies and real-world applications by developing marketing and promotional campaigns. Students must provide their own transportation to class and training sites.

\* ROP classes are available to all district students. Students are responsible for their own transportation to classes.

**PUBLIC SERVICES**

**ROP LAW ENFORCEMENT (S) (Y) #0933**

2 Hours per Day / M–F	
<b>SCHOOL</b> ORHS* PHS*	<b>CREDIT</b> 360 hours, 20 units

This course is designed to acquaint the student with every facet of the criminal justice field and includes instruction in firearms, elementary law, unarmed defense, rights of citizens, and court procedure. The entire scope of careers in law enforcement is discussed, covering every level from federal to state to local. Students learn how to apply for and pass law enforcement entry examinations.

In addition, students are taught the proper way to complete job application forms and are exposed to a "mock oral," which simulates the stress of an actual job interview. The student has an opportunity to get to know professionals in the field through the many field trips made available. College credit for this course may be

available through El Dorado Center of Los Rios Community College.

\* ROP classes are available to all district students. Students are responsible for their own transportation to classes.

**ROP FIRE CONTROL TECHNICIAN (Y) #0948**

2 Hours per Day / M-F	
<b>SCHOOL</b>	<b>CREDIT</b>
El Dorado East*	360 hours, 20 units
PHS*	1 day a week

This course is designed to prepare students for entry-level positions in the fire service. This would include city fire departments, county fire districts, California Department of Forestry, California Parks, U.S. Forest Service, Bureau of Land Management, and private companies involved in fire service and fuels management. Major areas of training and certification include State Firefighter I Training, Wild Land Fire Training, EMS First Responder Training, Hazardous Materials Training, and CPR Training. As part of their training, students will also be expected to spend part of the second semester in an on-the-job training experience with local fire agencies.

\* ROP classes are available to all district students. Students are responsible for their own transportation to classes.

**TRANSPORTATION**

**AUTOMOTIVE TECHNOLOGY I (Y) #0540**

<b>PREREQUISITE:</b> Teacher permission.		
<b>SCHOOL</b>	<b>GRADES</b>	<b>CREDIT</b>
EDHS	10-12	5 units per semester
ORHS	11-12	
PHS	10-12	

This is an introductory class designed to expose the student to the basic automotive systems and their functions. Information will be presented through lecture, demonstrations, and selected lab activities. Topics to be covered are engine performance, power train components, ignition, fuel, emissions, cooling, and suspension and brake systems.

In the beginning class, students will remove and replace parts; in the advanced class, students will remove and repair parts.

**ADVANCED AUTOMOTIVE TECHNOLOGY (Y) #0541**

<b>PREREQUISITE:</b> Automotive Technology I and/or Instructor approval.		
<b>SCHOOL</b>	<b>GRADES</b>	<b>CREDIT</b>
PHS	11-12	5 units per semester

Advanced auto is an extension of the skills and knowledge acquired in Automotive Technology I. This is a project-oriented/hands-on course designed to give the student an opportunity to develop advanced

diagnostic, repair, and managerial skills as applied to the automotive industry.

In the beginning class, students will remove and replace parts; in the advanced class, students will remove and repair parts.

**ROP AUTOMOTIVE ENGINE (S) (Y) #0921**

2 Hours per Day / M-F	
<b>SCHOOL</b>	<b>CREDIT</b>
EDHS*	360 hours, 20 units

This program helps students prepare for a career in the mechanics trade. Students receive in-depth classroom theory and detailed lab instruction in operation and trouble-shooting of all major systems and components. Emphasis for the first semester is on tune-ups, complete checking of batteries, starting and charging systems, fuel injection systems, and valve work. Major emphasis is placed on automotive electricity. Second semester emphasis is on complete drum and disc brake theory and servicing. Wheel alignment and power trains are also included. A working knowledge of basic math, including fractions and decimals, is highly desirable.

\* ROP classes are available to all district students. Students are responsible for their own transportation to classes.

**ROP DIESEL ENGINE (Y) #0926**

2 Hours per Day/ M-F	
<b>SCHOOL</b>	<b>CREDIT</b>
PHS	360 hours, 20 units
	M, T, F 12:53 - 2:47
	W, TH 12:32 - 2:16

The Diesel Engine program is designed to mix classroom instruction with hands-on training, including the basics of diesel technology, repair techniques and equipment, and practical exercises. Principles and theories are studied by running, testing, diagnosing, disassembling and reassembling components, systems, and engines. Students also learn how to interpret technical manuals and electronic diagnostic reports. Graduates can continue their education at American River College to obtain a Diesel Technology degree.

\* ROP classes are available to all district students. Students are responsible for their own transportation to classes.

**NON-DEPARTMENTAL**

**ICT FOUNDATIONS (S) #0451**

<b>PREREQUISITE:</b> None.		
<b>SCHOOL</b>	<b>GRADES</b>	<b>CREDIT</b>
EDHS	9-12	5 units per semester
ORHS		
PHS		
UMHS		
MVHS		
IHS		
Virtual Academy		

The basics of Information and Communication Technology (ICT) Foundations will provide students with marketable skills and knowledge in this informational society that will help them attain their educational goals and careers. It is the objective of this class to go beyond the very basic skills most students today possess and equip them with the technology skills they will need beyond high school to effectively compete for jobs or to better prepare them for post-high school education. This course is designed to meet the new college technology entrance requirements as well as the standards deemed necessary by the business community, as students go beyond simple PowerPoint and typing letters in Word to complex tasks, such as creating tables in Word, building networking databases, acquiring the ability to access job applications on-line and accurately completing them, building effective multimedia presentations, and learning basic ways to keep safe from biased information on the Internet. Students will also develop skills for analyzing, designing, and managing information. After completing this course, students can select from many career paths in the field of technology.

*Note: Students must demonstrate mastery of designated district technology standards through the successful completion of a course, or the exhibition of a skill in a practical examination.*

**TECHNOLOGY TEAM 1 (Y) #0477**

<b>PREREQUISITE:</b> ICT Foundations with a grade C or better and teacher approval.		
<b>SCHOOL</b>	<b>GRADES</b>	<b>CREDIT</b>
UMHS	10-12	5 units per semester
IHS		
<i>This course may be repeated for credit at El Dorado High School.</i>		

Technology Team is a basic course that teaches students to troubleshoot, maintain, and upgrade a personal computer. Students apply their skills through maintaining equipment in classrooms and labs.

**TECHNOLOGY TEAM 2 (Y) #0476**

<b>PREREQUISITE:</b> Grade A or better in Technology Team 1 and teacher approval.		
<b>SCHOOL</b> UMHS	<b>GRADES</b> 10–12	<b>CREDIT</b> 5 units per semester
<i>This course may be repeated for credit.</i>		

This course is a continuation of Tech Team 1, a lab/textbook course. In this course students will continue to improve their knowledge and skills in computer technology. Students will serve as the first response team to computer hardware and software repair needs for their schools. Students will do the initial diagnosis of the problem and then complete the repair or escalate the problem to the next level of response. Students will be required to keep records on all repairs, update the records for the school and monitor users. Students will serve as technical support in the computer labs when teachers bring classes in to work on projects. Students will be required to keep current on developments in the area of computer technology and participate in field trips, as available, to businesses in the field.

**STUDENT LEADERSHIP (Y) #0877**

<b>PREREQUISITE:</b> EDHS: Elected by student body or representatives, 2.0 GPA. ORHS: Elected by student body. PHS: Elected by student body or appointed by the ASB Cabinet, 2.0 GPA, and no failing grades. UMHS: Elected by student body or selected through an application process.		
<b>SCHOOL</b> EDHS ORHS PHS UMHS IHS Virtual Academy	<b>GRADES</b> 9–12	<b>CREDIT</b> 5 units per semester

This course combines classroom instruction with leadership practices in a laboratory of practical school situations. It provides student leaders with the opportunity to study the basic concepts of democratic government, the meaning and techniques of leadership, parliamentary procedure, group processes, and the principles of human behavior, the objectives of education, and many problems of school administration. It provides opportunities to develop speaking and writing skills; to improve in courtesy, poise, and appearance; to work with peers of diverse backgrounds and attitudes; and to share responsibilities with adults and consider common problems. After school participation is mandatory.

**STUDENT LEADERSHIP I (S) #0877F**

<b>SCHOOL</b> ORHS UMHS Virtual Academy	<b>GRADES</b> 9 9–12	<b>CREDIT</b> 5 units per semester
--	----------------------------	---------------------------------------

This course is designed for the student interested in learning the basic concepts of the democratic process, leadership skills, parliamentary procedures, group processes, and organization in a laboratory of practical school situations. It affords the student a classroom environment to practice speaking and writing responsibility with both peers and adults.

**YEARBOOK (Y) #0876**

<b>PREREQUISITE:</b> An application/interview process is required of students to obtain instructor approval. PHS students are also required to obtain an administrator's approval.		
<b>SCHOOL</b> EDHS ORHS PHS	<b>GRADES</b> 9–12	<b>CREDIT</b> 5 units per semester

This course offers instruction in and practice of the principles of yearbook production. Students will gain skills in design, layout, photography, salesmanship, PageMaker, and word processing computer skills. (PageMaker is not offered at EDHS.)

**LIFE SKILLS/ PEER COUNSELING (Y) #0885**

<b>PREREQUISITE:</b> Application and screening in May for the following year's class. Students will be selected based on interest, desire, and ability to help others.		
<b>SCHOOL</b> ORHS PHS	<b>GRADES</b> 11–12	<b>CREDIT</b> 5 units per semester

This is a unique class designed to take students from all walks of life and put them in a family-type situation designed to improve their listening skills, problem solving and decision-making techniques. The class stresses confidentiality as each student learns to be sensitive to other students' problems and feelings and evaluate their own behavior. By completing levels of achievement, students will be eligible to become peer listeners during second semester and work individually with students who are having interpersonal and school-related problems during second semester.

**ADVANCED PEER COUNSELING (Y) #0893**

<b>PREREQUISITE:</b> Peer Counseling.		
<b>SCHOOL</b> PHS	<b>GRADES</b> 12	<b>CREDIT</b> 5 units per semester

Advanced Peer Counseling is a student success course designed to review, enrich, and extend the processes and applications learned in the first year course so that students can continue to initiate and maintain productive peer counseling relationships. Materials covered extended as preparation into the world of adulthood. Students present programs to Health Education classes and at the CAPP conference in March.

**STUDY SKILLS (S) #0915**

<b>PREREQUISITE:</b> Student interest.		
<b>SCHOOL</b> PHS	<b>GRADES</b> 9–12	<b>CREDIT</b> 5 units per semester

This 1-semester course is designed for students interested in improving their study skills in order to succeed in academically demanding classes. The course offers instruction in time use, organizational skills, textbook analysis, note taking, listening skills, researching and writing reports, library and reference skills, memory techniques, and test-taking strategies.

**ACADEMIC SUPPORT CLASS (S) #0709**

<b>PREREQUISITE:</b> Student need for remediation and/or assistance.		
<b>SCHOOL</b> EDHS ORHS PHS UMHS* IHS	<b>GRADES</b> 9–12	<b>CREDIT</b> 5 units per semester
*UMHS uses various course codes.		

This elective course is designed to assist students who need additional support and assistance in the core subjects of English, math, social studies, and science. Students are placed in these shadow courses based on all or a combination of the following: CST scores, transcripts, 504 plan, IEP, student and/ or parent request, and counselor recommendation. The class includes direct instruction and tutorial. In math, science, and social studies, direct instruction is used to review materials previously covered in class and to preview upcoming lessons. Since English teachers are all on different schedules because of the availability of supplement novels and materials, the guided instruction includes a variety of lessons to support students in reading comprehension, vocabulary development, grammar, and writing strategies and applications. This course offers instruction in time management, organizational skills, reading analysis, note-taking, test-taking, and other strategies to promote self-directed learners across the curriculum.

**ACADEMIC PEER TUTORING (Y) #0905**

<b>PREREQUISITE:</b> Teacher recommendation, 3.0 or higher GPA, tutor application and interview. (Class enrollment in Honors and/or Advanced Placement classes is site-specific.)		
<b>SCHOOL</b> EDHS ORHS PHS UMHS	<b>GRADES</b> 11–12	<b>CREDIT</b> 5 units per semester

This elective course trains peer tutors to enhance the skills of students. Tutors will model and practice effective tutorial group strategies, develop higher order questioning techniques, review methods of working with students' writing, and provide an opportunity for students to discuss and

solve problems. Under the supervision of the classroom teacher, the peer tutors provide instruction individually and in small groups, assist in all subject areas using class notes and materials, and determine from these materials the concepts that need to be reviewed. They conduct brainstorming and prewriting sessions, working with students at all phases of the writing process. Tutors lead discussions and analysis of the academic subjects in which students are enrolled. Other responsibilities may include grading tests and/or homework.

**WORK EXPERIENCE (S) (Y) #0873**

<b>PREREQUISITE:</b> Student must be 16 years of age, eligible to receive a work permit, and complete the Work Experience Education Training Agreement.		
<b>SCHOOL</b> IHS MVHS VHS Virtual Academy	<b>GRADES</b> 11–12	<b>CREDIT</b> 5 or 10 units per semester, depending on hours worked

Work Experience Education (WEE) is designed to give the student a thorough knowledge of the fundamental principles of work and to provide training in a semi-skilled/skilled service occupation. The principles are applied to actual school approved work-related worksites on a part-time basis. The classroom instructor is the WEE teacher coordinator and works with the student to be successful. Real-world experiences through hands-on applications at the worksite are strengthened through the students' daily-related class. The student's general educational background is enhanced as it relates to the student's employment. This also teaches the student the role of worker and citizen. This knowledge is helpful to each student for personal employment/careers and further educational attainment. The student must pass both classroom and employer's evaluation to receive credit. Students are responsible for transportation to their worksite.

**AVID I INTRODUCTORY SKILLS (Y) (ADVANCEMENT VIA INDIVIDUAL DETERMINATION) #0907**

<b>PREREQUISITE:</b> Recommended 2.0–3.5 GPA, enrollment in Algebra 1 or Geometry, successful completion of 8th grade and student interview, parent contract, teacher recommendation. Recommended for first in family to attend college.		
<b>SCHOOL</b> EDHS UMHS PHS	<b>GRADES</b> 9	<b>CREDIT</b> 5 units per semester

This elective course is for students who are college bound. While concurrently enrolled in a college-prep course of study, students learn strategies to enhance success. To ensure success in college-prep course work, students work individually as well as in tutor-led collaborative groups. The course offers instruction in time use,

organizational skills, textbook analysis, listening skills, library and reference skills, mnemonic techniques, note taking, outlining, writing, speaking, reading, test-taking strategies, and self-awareness. In addition, the course includes college motivational activities. The AVID curriculum focuses on writing, inquiry, and collaboration (WIC) through the AVID high school libraries in both teacher- and tutor-led activities.

**AVID II (Y) #0908**

<b>PREREQUISITE:</b> Recommended 2.0–3.5 GPA, enrollment in Algebra 1 or Geometry, successful completion AVID I or student interview, high student motivation and attitude, parent contract, teacher recommendation. Recommended for first in family to attend college.		
<b>SCHOOL</b> EDHS UMHS PHS	<b>GRADES</b> 10	<b>CREDIT</b> 5 units per semester

This elective course is for students who are college bound. While concurrently enrolled in a college-prep course of study, students learn strategies to enhance success. To ensure success in college-prep course work, students work individually, as well as in tutor-led collaborative groups. Note taking, outlining, writing, speaking, reading, test-taking strategies, and self-awareness are stressed. The course also includes college motivational activities. The AVID curriculum focuses on writing, inquiry, and collaboration (WIC) through the AVID high school libraries in both teacher- and tutor-led activities.

**AVID III JUNIOR SEMINAR (Y) #0909**

<b>PREREQUISITE:</b> AVID II.		
<b>SCHOOL</b> EDHS UMHS	<b>GRADES</b> 11	<b>CREDIT</b> 5 units per semester

This course is an elective class for college-bound students. While concurrently enrolled in a college-prep course of study, students learn strategies to enhance success. Students work individually, as well as in tutor-led collaborative groups. Note-taking, outlining, writing, speaking, reading, test-taking strategies, and self-awareness are stressed. The course also includes college motivational activities. The AVID curriculum focuses on writing, inquiry, collaboration, and reading (WICR) through the AVID high school libraries in both teacher- and tutor-led activities.

**AVID IV SENIOR SEMINAR (Y) #0911**

<b>PREREQUISITE:</b> At least 2.0 GPA, enrollment in Algebra 2 or Advanced Algebra 2, AVID III.		
<b>SCHOOL</b> EDHS UMHS	<b>GRADES</b> 12	<b>CREDIT</b> 5 units per semester
<i>Completion of Avid III and IV meets CSU and UC requirement "g."</i>		

This course is an elective for college-bound students. While concurrently enrolled in a college-prep course of study, students learn strategies to enhance success. Students work individually as well as in tutor-led collaborative groups. Note-taking, outlining, writing, speaking, reading, test-taking strategies, and self-awareness are stressed. The course also includes college motivational activities. The curriculum focuses on writing, inquiry, collaboration and reading (WICR) through the AVID high school libraries in both teacher- and tutor-led activities.

**AVID PEER TUTOR (Y) #0906**

<b>PREREQUISITE:</b> Teacher recommendation, tutor application and interview, 3.0 or higher GPA, and enrollment in Honors and/or Advanced Placement classes.		
<b>SCHOOL</b> EDHS UMHS	<b>GRADES</b> 11–12	<b>CREDIT</b> 5 units per semester

This elective course trains peer tutors to enhance the skills of students. Tutors will model and practice effective tutorial group strategies, develop higher order questioning techniques, review methods of working with students' writing, and provide an opportunity for students to discuss and solve problems.

Under the supervision of the AVID teacher, the AVID tutors provide instruction individually and in small groups, assist in all subject areas using class notes and materials, and determine from these materials the concepts that need to be reviewed. They conduct brainstorming and prewriting sessions, working with students at all phases of the writing process. Tutors lead discussions and analysis of the academic subject in which students are enrolled in as well as lead Socratic Seminars that focus on critical thinking skills. Other responsibilities may include grading AVID binders for organization and content.

**COLLEGE AND CAREER PREP I (S) #2114**

<b>PREREQUISITE:</b> None.		
<b>SCHOOL</b> EDHS ORHS PHS UMHS IHS MVHS VHS Virtual Academy	<b>GRADES</b> 9–12	<b>CREDIT</b> 5 units per semester
<i>This course is based on the American School Counselors Association National Standards.</i>		

This on-line course teaches students what it takes to be a successful college student and how to begin thinking about their careers. Students are informed about the importance of high school performance in college admissions, how to prepare for college testing, and know the types of schools and degrees they may choose to

pursue. Students will also gain exposure to the financial resources available. Career readiness is also a focus. Students connect the link between interests college majors, and future careers by analyzing career clusters and how smart preparation and skill development in high school can lead to expansive career opportunities. Students who complete this course have the basic skills and foundation of knowledge to progress to the more advanced college and career preparation courses.

**COLLEGE AND CAREER PREP II (S)  
#2115**

<b>PREREQUISITE:</b> College and Career Prep I or equivalent recommended.		
SCHOOL	GRADES	CREDIT
EDHS ORHS PHS UMHS IHS MVHS VHS Virtual Academy	9–12	5 units per semester
<i>This course is based on the American School Counselors Association National Standards.</i>		

This on-line course provides a step-by-step guide to choosing a college. It walks students through the process of filling out an application, including opportunities to practice, and takes an in-depth look at the various college-admission tests and assessments, as well financial aid options. This course also instructs students in interviewing techniques and provides career guidance. Students explore valuable opportunities, such as job shadowing and internships, when preparing for a career. Students who complete this course obtain a deeper understanding of college and career readiness through informative, interactive critical thinking and analysis activities while sharpening their time management, organization and skills to be successful in college and beyond.

**STUDENT ASSISTANT / SERVICE**

Student Assistant is an alternative course offering for 11th and 12th grade students who wish to gain experience in such areas as teacher, laboratory, and library or office assistants.

Students who successfully perform the duties assigned to them earn a grade and elective credit. The grade and credit count toward graduation and are included in the student's grade point average.

Enrollment in any of the student assistant classes must be arranged in advance. See your counselor for specific information. Students may earn a

maximum of 10 credits as a Student Assistant during their high school career.

Semester classes are limited to a 1-semester assignment. Under special circumstances a student, with concurrence of teacher and parent, may petition the principal to be allowed to extend the assignment another semester. The extension may not exceed one semester.

The principal must be assured that the student will receive new skills, training and/or experiences that will be beneficial to an academic/vocational career.

**OFFICE ASSISTANT (S) (Y) #0882**

<b>PREREQUISITE:</b> Good attendance record, 2.0 GPA, good citizenship, ability to handle detail, appearance and clothing acceptable for a public office, and office staff member approval.		
SCHOOL	GRADES	CREDIT
EDHS ORHS PHS UMHS IHS MVHS Virtual Academy	11–12	5 units per semester
